

Amherst College Press

Cover Info Sheet

ACP works with professional designers to create covers for our books. The cover design is a collaborative process involving various press departments (including marketing and production). The final decision on the cover remains with ACP, but we welcome and appreciate your feedback now as this will help guide our design process. Ultimately, we will design a cover with your book's success in mind.

Please download this form and fill out the following information. Submit this document with your manuscript to Dropbox (use the "Marketing" folder). If you would like to suggest cover art or if you have original art to supply, please upload those files to the Marketing folder as well.

List 2-3 book titles with covers you like (include links if possible)

List 2-3 book titles with covers you don't like (include links if possible)

Please list 5-6 adjectives that describe the cover you imagine (e.g., edgy, modern, classic, simple)

Please list colors or color schemes that you think would work well for the cover; please also list colors that you think would not work well.

Are there any visual tropes or cliches the designer should be aware of in your field?
