Hi Camille! It was super fun for the sadly short time I've gotten to know you. But even so, it was long enough for me to learn that you're an amazing person who I'm glad I got to know. It was fun being in orchestra with you, and I hope you have the brightest future possible!  
-Tenu :D

Camille, it really is too bad that I didn't get to know you better this year! You are such a sweet person with a contagious smile, and it's really cool that you were willing to try out Math Team your senior year!

As a memory, here are some photos from Math Team. I hope you enjoyed the pi-day party as much as I did! Best wishes to you in the years to come!

-Kai ^ \_ ^

Camille!!! Congrats, grad!!! We made it! From Math Team meetings to early morning hallway chats outside the orchestra room, I'm so glad to have shared part of the high school journey with you. You are so bright and funny, so please continue to bless the world with your gorgeous smile. Go out and show 'em up at UW next year! - Carmelita

CHAMOMILE!!! I can not believe we have been friends for like 7 years that's kind of wild! I'll refrain from saying something about how I'm the best person ever who is gonna sign this yearbook :). We are gonna have so much fun this summer and also NEXT YEAR!! Love youuu! -Rinn
