

Curriculum Selection Form-High School-Alternative

Make enough copies for each student in your 9th-12th grade homeschool.

The curriculum listed below should be for either the year of 2022-2023 or a specific semester in the school year.

If your student is *not* preparing to attend a 4-year college or university, he/she can adjust the science and math credits according to their interests and abilities. See the corresponding Checklist to Graduation for more information and suggestions.

Student Name	
Grade in 2022-2023	

List the curriculum selections below for this student:

Subject	Curriculum Name/Title	Fall Semester	Spring Semester
<i>Ex. Math</i>	<i>Math-U-See Geometry</i>	✓	✓
