Webtricks	- @webtricks_

Mission:

The DAOry is run entirely by the community and its council. Therefore our mission is subject to change depending on what the community and the council currently sees as more important.

At the moment, the council is committed in growing the DAOry treasury. We are trying to build an organization that has various investments in promising web3 gaming companies on Solana. But this is not the only purpose of the DAOry.

We also want to make sure that the DAOry has a positive and welcoming spirit towards the rest of the Solana ecosystem.

We aim to do this by collaborating with other builders in the space and thus creating an inclusive environment where gamers can be themselves and explore the future of web3 together.

Responsibilities:

- Generate ideas/proposals in interest of the DAOry
- Review draft proposals submitted by Aurorians
- Actively discuss proposals with community
- Provide a profitable and secure investment for NFT holders

Short term goals <1year :

- ☒ Buy Aurorians with DAOry treasury
- ☒ Create a leading figure for the DAOry through an election process (mascot)
- ☐ Create DAOry website with web3 integration
- ☐ Reach out to other projects for collaborations
- ☐ Provide liquidity for our holders through NFT loans (Yawww/Frakt)
- ☐ Organize tournaments, quizzes, marketing events etc. and incentivize participants for Aurory branding
- ☐ Reward Aurorians for rocking their pfp

- ☐ Invest in other Gaming projects on Solana

Long term goals >1year:

- ☐ Actively follow-up on short term goals which were achieved
- ☐ Constantly engage the community with fun events
- ☐ Have the largest gaming treasury of the solana ecosystem
- ☐ Build an esports franchise for solana web3 gaming (teams/tournaments)
