

Give this a quick read first:

<https://darpdfs.org/wp-content/uploads/2023/12/22-Virtues-of-Knowledge-Its-People-Ibn-al-Qayyim.pdf>

I have intentionally only picked out the lessons that the Ustadh teaches from his own brief words and not included the translated pdfs for explanations of the books by ulema. Because in my opinion studying the translated shuruh of the ulema in english is a waste of time and even more if u watch lessons of somebody explaining the explanations. Your utmost priority should be learning arabic ASAP so you can directly go to the advanced explanations in arabic and then thoroughly understand it. As for english, the Ustadh's own brief explanation is more than enough for you right now.

For example theres one ustadh who taught the Shaykh ibn uthaymeen's sharh on wasitiyyah in 104 lessons, another one taught Shaykh An-najmi's on wasitiyyah in 110 lessons. Instead you should study the ustadh teaching wasitiyyah from his own words in 30 something lessons and spend the insane amount of hours saved on learning arabic and memorizing mutoon.

These are in order

**virtues** (Skim thru the nullifiers as you'll study them separately later)
