

Hi Pol, I saw Masterclass and your stories looking for affiliates. I know you want to increase your number of students. It is admirable that you help them to improve their lives through trading. I can get more students to sign up. Many more; I have the most effective way to transform people and make them decide to improve their lives.

Here is proof of what I am capable of doing. Try it for the next two weeks. See how your calls increase in that time. Worst case scenario, nothing happens, and you go on as if you have yet to come across this opportunity.

If you are interested in my services after that, contact me.

Here is your Masterclass

Welcome! Here is the link to the Masterclass and the free ebook you ordered.

Enjoy it.

Tomorrow I will send you the story of one of my students. You will see that anyone can succeed (even when everything is against you).

Sincerely yours,
Pol

Peter was going to die in that factory.

Pedro knew he had to do something to change his life; otherwise, he would work himself to death to pay the bills.

Now, three months after deciding to improve his life, Pedro is making double (almost triple) his income without risking his life in the factory.

Pedro worked the night shift as a factory operator for over 11 years.

He spent 11 years in the same position, working his ass off from 10 p.m. to 6 a.m., being the "perfect employee," hoping to get the desired promotion.

He was tied to that factory for life. The pension money would always be more to pay the bills.

He could never leave his job.

He knew he had to do something, change his life, or all his dreams and ambitions would die with him in that factory.

He contacted me for help, and in 3 months of hard work, he turned his life around.

Pedro would never have imagined that he would be making twice as much money working only 2 hours from home.

This is what I wanted: to help people and show them they can change their lives as long as they make the necessary effort.

Is your life the way you want it?

Mine wasn't, but I refused to die carrying suitcases at the airport.

And any determined person can do it. They just have to know how.

I just wanted you to know that.

Thanks for reading.

I'll see you soon.

If you get this email, you are selfish.

You could make 2, 3, or 10 times more money than you earn.

With it, you could get your freedom, fulfill your dreams, and give the ones you love a better life.

But if you choose not to, your instant and individual happiness is much more critical.

And understand this: THE WORLD DOES NOT NEED EGOISTS.

Would you trust someone who "cares" about you but couldn't sacrifice a bit of their life to help you?

Nobody wants to have them in their lives.

You could be giving jobs or donating money to improve the world.

You could give your family a fantastic life. Make them proud of you.

But you choose not to.

You have no salvation if you don't care about being a good person, taking care of your health, or caring for the ones you love.

Go back to watching Netflix, eating junk, and partying.

A portal opens.

I created this academy to change people's lives.

To help those who don't want to work as enslaved people for the rest of their lives.

For those who want to be the sole owner of their future.

For those who want to do essential things in this world.

For those who want to have the respect of their parents and friends.

If you want any of these things, I will teach you how to transform your life.

Call if you want me to teach you,

If you are unwilling to fight to become a superior human who can provide and protect your loved ones.

If you would rather leave an equal or worse life to your children.

If you see nothing wrong with wasting your life and doing nothing important, go away and unsubscribe, I don't want to teach you.

You have 24 hours.

Call and change your life.

5.

It's not your fault...

If you were born poor, it's not your fault.

But if you die poor, it is.

You have only one life.

What are you going to do with your time in it?

What things will you be proud of when you're near the end?

The partying, the binge drinking, your job, or how many movies and series you watched?

I know what I'm going to be proud of.

I will be proud that I went from carrying suitcases to feed my family to becoming a millionaire and giving them the fantastic life they deserve.

I will be proud of my legacy. All the people I helped changed their lives and achieved true freedom and happiness like I did.

Do you think you will be proud of yourself when that day comes?

The best thing about life is that you can change it at any time, of course, as long as you are willing to make the necessary effort.

Call if you want to change your life. I may have some places left.

See you soon,

Pol
