

Southington Public Schools

Middle School Math Placement

Grade 6 Math (All Students)

Student progress in math will be reviewed in the **Spring of their 6th-grade year**. For placement into **Accelerated Math in Grade 7**, we review the following data points as criteria for course placement:

- Trimester Averages
- Homework Completion Rate
- iReady Math District Benchmark Assessments
- Selected Unit Assessment Scores
- Smarter Balanced Assessment Data
 - Summative Assessments
 - Interim Block Assessments
- Classroom Work Habits/Teacher Recommendation

**Some of the bullets above contain multiple data points.*

Students accepted into Accelerated Math must meet the majority of designated criteria established. If they meet these criteria, they will be recommended for Accelerated Math in Grade 7. If they do not meet these criteria, they will be recommended for Grade 7 Math.

Accelerated Math Grade 7

Common Core State Standards for grades 7 and 8 are taught in this course at an accelerated pace.

Grade 7 Math

Grade 7 Common Core State Standards taught in this course

Data analysis in Spring of Grade 7 to determine if students are eligible for an opportunity to take a summer course for potential advancement in Grade 8

Honors Algebra I in 8th Grade

*Students may take Honors Algebra I in Grade 8 after successful completion of Accelerated Math in Grade 7 OR after successful completion of the Algebra I readiness summer course.
(Honors Algebra I is a credit-bearing for SHS)*

Grade 8 Math

Grade 8 Common Core State Standards taught in this course
