

Libraveggie's Commission Sheet

Hello All! If you're here you're most likely interested in a commission from me! If that's the case, thanks so much! I'll always appreciate an idea, no matter how strange it may seem! Though do be aware that I reserve the right to reject any pitches.

As for actual business side of things, my price is simple:

25\$ USD for every 1,000 words.

+10 USD per Edit After First THREE Free Edits

Commission Requirements: Here is a list of things I'd prefer commissioners to have in mind before making a request!

1: A solid TF Concept:

A solid concept consists of 3 things:

A) Defined Starting Victim(s).

B) A Method of Transformation

C) A Final result

2: A Preferred Setting

3: Major Plot Details

Examples:

A) Will the victim be willing/unwilling?

B) Will the TF be intentional?

C) How fast will the TF be?

D) What will the victim's reaction be?

Below I've made some lists and general ideas that I am certain that I will write, some I'm not so sure about, and some I will NEVER EVER write. Anyhow, take a peek through to see if your idea matches up with some themes, and if you can't find it here, just ask me! I'll let you know

While Reading through the list, please not that any word with a “ * ” By it will be expanded below the rest of the lists in an overly lengthy list. Such as extremely specific transformation themes!
