

Wassily Kandinsky

Watch: [Art With Mati & Dada | Kandinsky](#)

Kandinsky was one of the founding fathers of Abstract Art. Kandinsky felt that he could express feelings and music through colors and shapes in his paintings.

Gather any supplies you have available to get started! Perhaps turn on some music while you work - Kandinsky loved combining music with art!

Choose one shape! The shapes Kandinsky was most interested in were the circle, triangle, and the square. He thought the triangle would cause aggressive feelings, the square calm feelings, and the circle spiritual feelings.

Draw a picture using only that shape! What will you use to create your work of art? Crayons, markers, paint, will you collage or use an iPad drawing app?

Photograph your work of art and save to your iPad to turn in to your teacher when you return to school. I can't wait to see what you have created!
