Dear HES Leaders and Educators,

My child attended the first grade Nature lesson on International SEL Day.

Here's what they/I want to share about the event:

I believe that Nature lessons during the school day hold a lot of opportunity for academic learning, as well as improved youth resilience and wellbeing. In particular, I want to see more:

Please consider this letter twofold; first, a written appreciation for HES, including what already happens to prioritize student wellbeing. And secondly, this is my request that Nature lessons that focus on SEL *and* curriculum occur with _____ frequency throughout the school year.

Thank you for the dedication in making our community a wonderful place to be.

Sincerely,

Your Name
