

****Exciting Events at SSUET: Job Fair and Final Year Design Project Exhibition****

On February 29, 2024, Sir Syed University of Engineering and Technology (SSUET) hosted a dynamic event showcasing talent and innovation. The university buzzed with energy as students and employers mingled at the Job Fair, exploring career opportunities and networking possibilities.

Simultaneously, the Final Year Design Project Exhibition dazzled attendees with a showcase of ingenious creations from budding engineers. Among the highlights were three notable prizes secured by students from the Electrical Engineering Department. Their innovative projects captivated judges and earned recognition for their creativity and technical prowess.

The event not only provided a platform for students to demonstrate their skills but also fostered meaningful connections between academia and industry. SSUET continues to nurture talent and inspire excellence in engineering education.

1st Prize Winner

2nd Prize Winner

3rd Prize Winner
