Option 2

Ministering the love of God to people with Autism + ADHD through practical and encouraging social media videos that help them navigate their unique needs with confidence and hope.

At **Autistic Faith**, we know neuro-divergent individuals often feel overlooked, misunderstood, and overwhelmed — including within the church. Our mission is to change that by offering compassionate resources that honor their experience and equip them to thrive.

If you're neuro-divergent or suspect you may be, and have questions, please reach out!

We also welcome prayer requests — it's our joy to pray for you.

Faithfully,

Jameson Healy, AuDHD
