

RESOLUTION
Ending Woke & Weaponized Transportation

Whereas, road taxes are supposed to pay for freely accessible public highways for all drivers; and

Whereas, imposing carpool lanes, bike lanes, bus-only lanes or other restricted lanes impede the freedom to travel for cars and threaten the personal liberties of Texans by transportation boards and bureaucrats that are not accountable to voters; and

Whereas, there are active plans to impose an anti-car 'road diet' in the name of Climate Change, such as Vision Zero at the federal, state, and local levels, including forcing transportation funding decisions based on race, equity, and inclusion, artificially lowering speed limits down to 20 MPH in urban 'districts,' mandating wide/buffered bike lanes, sidewalks, medians, stop lights and stop signs where they don't make sense, and policies that discourage or even prohibit road expansion, as is the case in the Biden infrastructure bill,

Now, therefore, be it:

Resolved, that we urge local, state and federal lawmakers to end WOKE, weaponized transportation policy that is currently used against ordinary citizens, making travel more expensive and less efficient, and further be it

Resolved, we urge we urge local, state and federal lawmakers to prohibit the imposition of the Green Agenda, any part of Vision Zero, Net Zero, road diets, carbon emissions reporting, carbon tax, mileage tax or other Leftist policies that seek to punish or restrict drivers or levy new taxes on driving; and further be it

Resolved, that we urge officials to err on the side of liberty and freedom and prevent the imposition of anti-car policy, including Digital ID (either voluntary or mandated), knowing 9 states that began as voluntary programs made them mandatory, and to make stopping road diets (intentional congestion) a legislative priority to preserve our freedom to travel.

Adopted this ____ day of _____, 20__, at the Precinct Convention of Precinct #_____, _____ County of the _____ Party of Texas.
