

Reading Stars Forever (school song)

Lyrics by Mr. Andrew MacDanel:

We're the reading stars of tomorrow
We solve problems as a team.
Shining bright together,
In our gold and green.
We kindly respect each other,
For our success, we know,
The secret is responsibility,
With this in our hearts, we grow!
Greenbrier, Greenbrier,
Forever in our hearts,
The lessons we learn together
Will set us all apart.
Greenbrier, Greenbrier
With strong hearts and minds
Reading stars forever,
Wherever we go, we shine!
We're the Greenbrier Reading Stars
Friends standing side by side,
We'll never quit, we do our best,
Our hearts beam with pride.
We know who we are,
Learners with grit
With strength and determination
We will never quit!
Greenbrier, Greenbrier
With strong hearts and minds
Reading stars forever,
Wherever we go, we shine!
Reading stars forever,
Wherever we go, we shine!
