Call for a Communications Intern at VOICIFY - European Forum for Youth with Lived Migration Experiences

Background

VOICIFY - European Forum for Youth with Lived Migration Experiences is an AISBL based in Belgium. VOICIFY is the first umbrella organisation in Europe that represents organisations led by young people with lived migration experiences. Founded in 2022, VOICIFY currently counts 40 member organisations, registered in 16 EU member states, all led by young people with lived migration experiences.

The association's vision is to be the voice of young people with migration experiences living in the EU, and coming from non-EU countries. It strives to create truly democratic European societies in which young people with migration experiences are included, seen as an integral part of Europe, empowered, and encouraged to achieve their full potential.

The current strategy is organised into three priorities:
