

ITC MODULE I TOPICS, SESSION, AND CONTENT OVERVIEW

How it Works: Open Module I.. Choose a topic and skill you want to learn. Watch a brief introduction of the skill. Go to Part II Now You Try It. Watch a teaching video of an actual lesson with the skill embedded in the lesson. Download the free presentation used in the coaching video and start to practice the new skill. There are 14 free Now You Try It presentations that you can download, practice and keep. You get an Explore and Learn presentation for each topic.

What teachers need when they need it!
