Hi [firstname],

This is your final reminder—the one-time Callsi offer is almost gone.

Right now, businesses are using Callsi's AI-powered phone agents to:

- ✓ Answer calls 24/7 (so no customer gets ignored)
- ✓ Follow up with leads instantly
- ✓ Book appointments straight into Google Calendar
- ✓ Send transcripts & notifications so nothing gets missed

But here's the catch:

This launch offer is scarce and temporary. Once the clock hits zero, the special pricing and one-time deal vanishes.

Imagine missing out on Callsi today—only to lose your next big client tomorrow because their call went unanswered. That's the real cost of waiting.
