Meeting passcode to join the Room is “DSS”

Permissions have been updated so anyone with the password can join as a guest without a host. This will limit the ability to record conversations, use immersive backgrounds, and create breakout rooms.

Hey Host,

Want to have cool, immersive backgrounds?

There is a How-To at the bottom of this doc!

Welcome, welcome, come in, don't be shy.

Having you here at The Futurists cafe is an honor and a privilege. This is where everything is possible (except bringing your parrot pet, the owner has some childhood trauma around them).

The Futurists café is open 24 hours a day, seven days a week. Occasionally, it might be hosting an official event or conversation, but you will always be free to come and enjoy.

The cafe has a few different rooms to talk about different topics. Feel free to join any of them or stay in the main room for a casual conversation. They are the following:

- Main room -> for casual conversations and hanging out while you co-work or create
- Brainstorm -> to... duh! Think out of the box
- Design -> are you in the middle of your design process? Come, we all know colors here
- Narrative -> Everything is a story. What's yours?
- Structure -> Producers are those mythical creatures that understand a spreadsheet and also how to use a brush
- Funding -> The Global Impact Investing Network has never visited our cafe, but who knows, today might be your day
- Human Connection -> A place for all things human. Come pray, sing, share, hug and be hugged

Although the cafe is open 24/7, our waiters and waitresses are not always here, so we have just one condition: be proactive and serve yourself. Come in. IF NOBODY IS PRESENT AND NO BREAK OUT ROOMS ARE OPEN or a window pops out saying "waiting for host to start the meeting", we ask you to log in as a host and create them yourself. The system is configured in a way that anybody can join any room, you just need to create them (and maybe get people in them if they haven't updated their zoom accounts with the new functionality that allows themselves to join any room).

So, if the room is empty or has no breakout rooms, this is what you do:

1. Log out of zoom and log in again as an admin
User: designsciencestudio@bfi.org
Password: Regenerate1!
2. Click on the Breakout Rooms button on the bottom bar
3. Select 6 breakout rooms + Let participants choose room
4. Rename the rooms

Regular rooms:

- Room 1 - Brainstorming
- Room 2 - Design
- Room 3 - Narrative

Room 4 - Structure
Room 5 - Funding
Room 6 - Human Connection

Specifically on “co-working sessions” please also set up:

Room 7 - Pod 1
Room 8 - Pod 2
Room 9 - Pod 3
Room 10 - Pod 4
Room 11 - Pod 5
Room 12 - Pod 6
Room 13 - Pod 7
Room 14 - Pod 8
Room 15 - Pod 9
Room 16 - Pod 10
Room 17 - Pod 11

5. Click on “create all rooms”

6. People with the most updated version of Zoom can choose their own rooms but if they can't or don't know how to, your duty as an admin is to assign them to the room of their choice.

7. One last rule... If you record the session, save the recording in your computer, not on the cloud :)

Enjoy!
