

So I have this idea about a new area in forums. A homework area. For example if you needed help you can post it on the forums **along with a picture / link w/ a formula** possibly example.....

<http://www.mathhelp.com/images/browse-lessons/sample-worksheet.gif>

SIMPLIFYING RADICALS

Extra Problems

Simplifying Square Roots

Simplify the following.

1. $\sqrt{16}$

2. $\sqrt{64}$

3. $\sqrt{121}$

4. $\sqrt{225}$

5. $\sqrt{50}$

6. $\sqrt{12}$

7. $\sqrt{45}$

8. $\sqrt{300}$

9. $\sqrt{60}$

10. $\sqrt{150}$

11. $\sqrt{84}$

12. $\sqrt{180}$

13. $\sqrt{1200}$

14. $\sqrt{588}$

15. $\sqrt{800}$

then in the comments people can put their **solution along with the work done**. They can do it in MS word or any editing software.

I'm not sure about a exchange service yet as in :

If you do my homework ill pay you with..."x"

Please take this into consideration I think this would improve the community or just cause more problems. It would be smart if the section is moderated by intelligent and good forum mods etc. to make sure nothing crazy is going on (conflicts etc.)
