INTRO

[instrumental]

Tired holly and squirrel walk through the forest and barely hunt. They approach each other and look tiredly at their paws.

1

[I picture Whitney, she's on that barge!]

a light is burning above the Squirrellflight. She points with her paw at a frightened leafpool and sings. Leafpool is discussed by her fellow tribesmen for deceiving everyone.

[The drum beats heavy and the oars are large...]

show the muzzle of the frightened Leafpool. her eyes are perplexedly looking for help in some cat.

[She looks unhappy, and her hands are sore. They keep her working 'till she hits the floor.]

StarClan cats talk about where she goes when she dies.

2-

[I'm in deep doo-doo, I'm quite a wreck!]

Hollyleaf comes out of the darkness. Show only her head. She is very irritable and tired. Sweat is falling from her head.

[It's like two boulders wrapped around my neck...]

two large stones were tied on Hollyleaf's back. Because of their heaviness, poor holly ate as she walked.

3-

[I wish I never, ever saw that rock!]

stones disappear and Hollyleaf flies into the air with a smile.

[The weight so heavy I can barely walk.]

Holly falls from the sky and sings. These two stones fall on her from above and she looks away in annoyance.

4-

[The guilty tango-oh-oh!]

hollyleaf and the squirreelflight grab each other by the paws and sing sadly.

[The voices screaming out inside your head!]

our girls grab their heads and sing.

5-

[The guilty tango-oh-oh!]

squirrel and holly stand up helplessly and look up at the sky.

[You wish you didn't, but you did instead.]

show only their paws that reach for the stars, the stars break and they remove their paws.

6-

[Oh, then there's Brittany, she's hanging there.]

show the firestar in the fox trap.

[The gators hungry, snapping for her hair!]

Hawkfrost stomps firestar on the head with his paw, showing that he is weak.

*[It seems quite vicious and such bad luck
She paid 700 bucks for that haircut]*

7-

[What will Vinnie do to me? Make me feed him flies?]

Holly sits in front of the lionblaze and Jayfeather and looks at the ground in shame.

8-

[I'd rather face a crowded house Of spoiled banana cream pie!]

hollyleaf leaves them and a bunch of pigeon feathers fall on it from above.

9-

[The guilty tango-oh-oh! The voices screaming out inside your head!]

show a Hollyleaf on one half of the screen and a squirrelflight on the other. Hollyleaf feathers out of its fur, and squirrel looks at the blood on her paw.

10-

[[The guilty tango-oh-oh! You wish you didn't, but you did instead.]

Squirrelflight and hollyleaf look at the moon and sing.

11-

girls just jump around the screen and sing, you can do whatever you want here :)
