Adoption donations vary - adopters choice. The adoption donation a rescue requests is usually are anywhere from \$50-200 each and is used to partially recover the costs involved in rescuing him/her. These costs include but are not limited to: Shelter fees, spay/neuter, food, housing, vaccinations, deworming, microchip, and any vet exams or medical care that the pet(s) may have required. The donation amount is negotiable, as the placement of them into a loving home is priority over recouping money spent rescuing him or her but we would not have been able to save the life of the pet you are adopting without the adoption donation from the one that came before him/her.

(Adoption donations are not refundable if the pet is returned). Please don't hesitate to communicate any concerns with regards to this fee or any questions with LMDLMR
