

APHG- Population and Migration Terms (Chapter 2 & 3)

- | | |
|-------------------------------|---|
| 1. Age Distribution* | 33. Asylum seeker* |
| 2. Agricultural Density | 34. Brain Drain |
| 3. Agricultural Revolution | 35. Chain Migration |
| 4. Arithmetic Density | 36. Counterurbanization |
| 5. Carrying Capacity* | 37. Emigration |
| 6. Channelized migration | 38. Forced migration |
| 7. Crude Birth Rate | 39. Guest worker |
| 8. Crude Death Rate | 40. Immigration |
| 9. Demographic Momentum* | 41. Internal migration |
| 10. Demographic Transition | 42. Internally displaced person* |
| 11. Demography | 43. International migration |
| 12. Dependency Ratio | 44. Interregional migration |
| 13. Doubling Time | 45. Intervening obstacle |
| 14. Ecumene | 46. Intraregional migration |
| 15. Epidemiologic Transition | 47. Island of development* |
| 16. Epidemiology | 48. Migration |
| 17. Industrial Revolution | 49. Migration transition |
| 18. Infant Mortality Rate | 50. Mobility |
| 19. Life Expectancy | 51. Net migration |
| 20. Medical Revolution | 52. Pull factor |
| 21. Mortality* | 53. Push factor |
| 22. Natality* | 54. Quotas |
| 23. Natural Increase Rate | 55. Refugees |
| 24. Overpopulation | 56. Remittance |
| 25. Pandemic | 57. Repatriation* |
| 26. Physiological Density | 58. Thomas Malthus/Malthusian
Theory |
| 27. Population Pyramid | 59. Undocumented Immigrants
/unauthorized immigrants |
| 28. Pronatalist/Antinatalist* | 60. Voluntary migration |
| 29. Sex Ratio | |
| 30. Total Fertility Rate | |
| 31. Underpopulation | |
| 32. Zero Population Growth | |
