Below the surface, Kurt was able to see the rugged, jagged edges
of the reef and the gently waving fronds of seaweed but overall
visibility was poor. Slowly he moved forward, peering intently ahead.
The other divers had gone on ahead in a swirling, tossing
confusion of fish, sand and seaweed, and although at this moment
he could not see them.

Complete the handwriting activity overleaf. Now review your handwriting.

1. Highlight 3 letters from the Copy section you have joined well
2. Highlight in a different colour a letter you could have joined better.

Music

The Tempest performance will be soon. Everyone has a role to play. It is very important that you know your role and are prepared. For home learning, please rehearse your words and parts to the play. This may be:

- Practicing your lines;
- Knowing your part in the performance;
- Practicing singing
- Being ready for each rehearsal

This is YOUR performance so take ownership of it by knowing YOUR role in the play.
