## Health and Human Performance

Mr. Montoya

[aaron.montoya@stargateschool.org](mailto:aaron.montoya@stargateschool.org)

Hello! My name is Mr. Montoya I am currently the Middle School Health and Human Performance teacher. This is my 4th teaching and first year teaching middle school students. I am extremely excited to be part of the Stargate family! A little about me, I studied Exercise Science and Health Education at Black Hills State University in Spearfish, SD where I was fortunate enough to play college football for the Yellowjackets. After finishing up I spent a year coaching college football and after a year I realized that I wanted to get into teaching. I then earned my Masters in Secondary Education from Grand Canyon University. I am an avid football and hockey fan. Go Steelers and Avs! When I am not teaching, I am either on the golf course or hanging out with my dog and wife. I am extremely grateful to be able to teach here at Stargate and I am excited to get to learn and grow with these kiddos!
