

Hello!

I hope this message finds you well. I came across your page and did some research and came up with some ideas that could grow X! I am a Digital Marketing Consultant in training that specializes in copywriting, such as persuasive writing and emails and am looking to gain experience in the field. Using the knowledge I have gained from training, I have noticed some areas for improvement that I think could really help your business grow if implemented such as an increase in attention, more followers, and more monetization! I am also currently not charging as I am just looking for a testimonial. I would be delighted to discuss further if you are interested.

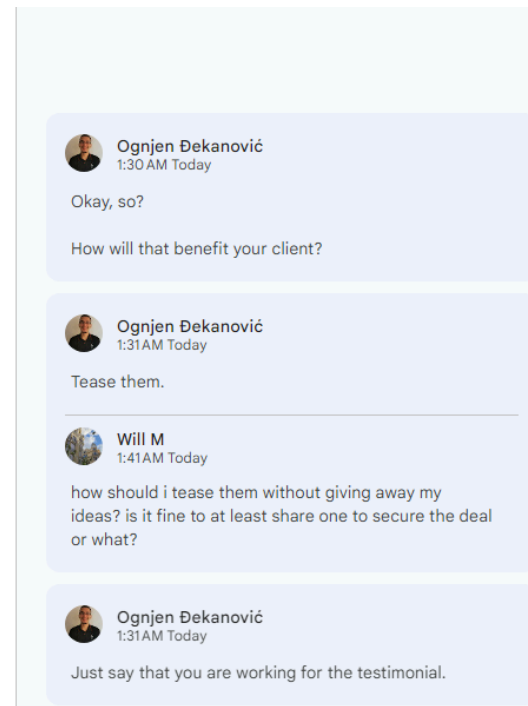

Here is my email if preferred: email

Best regards,  
Will

- Ognjen Đekanović: "Just say that you are working for the testimonial."

(Note I sent this yesterday and did what you suggested)
