

UFLI: Targeted Literacy Support for Tier 2 and Tier 3 Instruction

This full-day professional development session is designed for educators supporting students who require Tier 2 and Tier 3 interventions in foundational literacy skills. Participants will explore how to implement the University of Florida Literacy Institute (UFLI) program as a structured and responsive instructional approach. The session will also focus on administering and interpreting the Phonological Awareness Screening Test (PAST) and the Quick Phonics Screener (QPS) to identify student needs in phonemic awareness and phonics. Educators will learn how to use this diagnostic data to group students and plan targeted instruction aligned with the UFLI framework. Through modeling, hands-on practice, and collaborative planning, attendees will leave with the tools and confidence to deliver effective, data-driven Tier 2 and 3 literacy instruction.
