

2026 ANNUAL MEDICAL AND HEALTH EXERCISE (AMHE)

EXERCISE EVALUATION GUIDE (EEG)

Exercise Name: Annual Medical and Health Exercise (AMHE)

Exercise Date: Thursday, November 19, 2026

Organization/Jurisdiction: Los Angeles County EMS Agency

Venue: [EMS Agency]

Exercise Objectives:

- Activate the Medical Coordination Center (MCC) and establish communications with all relevant healthcare sectors/Coalition members as outlined in the Los Angeles County EMS Agency Communication Plan
- Share situation status with all healthcare sectors, MHOAC partners, and MCC staff throughout the exercise
- Evaluate the MCC's ability to support a surge in patients
- Coordination of Resources

Capability 1: Foundation for Health Care and Medical Readiness

The community's health care organizations and other stakeholders—coordinated through a sustainable HCC—have strong relationships, identify hazards and risks, and prioritize and address gaps through planning, training, exercising, and managing resources.

Capability 2. Health Care and Medical Response Coordination

Health care organizations, the HCC, their jurisdiction(s), and the ESF-8 lead agency plan and collaborate to share and analyze information, manage and share resources, and coordinate strategies to deliver medical care to all populations during emergencies and planned events.

Capability 3. Continuity of Health Care Service Delivery

Health care organizations, with support from the HCC and the ESF-8 lead agency, provide uninterrupted, optimal medical care to all populations in the face of damaged or disabled health care infrastructure. Health care workers are well-trained, well-educated, and well-equipped to care for patients during emergencies. Simultaneous response and recovery operations result in a return to normal or, ideally, improved operations.

Capability 4. Medical Surge

Health care organizations—including hospitals, EMS, and out-of-hospital providers—deliver timely and efficient care to their patients even when the demand for health care services exceeds available supply. The HCC, in collaboration with the ESF-8 lead agency, coordinates information and available resources for its members to maintain conventional surge response. When an emergency overwhelms the HCC's collective resources, the HCC supports the health care delivery system's transition to contingency and crisis surge response and promotes a timely return to conventional standards of care as soon as possible.

Organizational Capability Target 1: Foundation for Health Care and Medical Readiness

Activate the Medical Coordination Center (MCC) and establish communications with all relevant healthcare sectors/Coalition members as outlined in the Los Angeles County EMS Agency Communication Plan Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Source(s): [Insert name of plan, policy, procedure, or reference]

Organizational Capability Target 2: Health Care and Medical Response Coordination

Share situation status with all healthcare sectors, MHOAC partners, and MCC staff throughout the exercise

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Source(s): [Insert name of plan, policy, procedure, or reference]

Organizational Capability Target 3: Continuity of Health Care Service Delivery

Evaluate the MCC's ability to support a surge in patients

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Source(s): [Insert name of plan, policy, procedure, or reference]

Organizational Capability Target 2: Health Care and Medical Response Coordination

Coordination of Resources

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Critical Task: [Insert task from frameworks, plans, or SOPs]

Source(s): [Insert name of plan, policy, procedure, or reference]

Organizational Capability Target	Associated Critical Tasks	Observation Notes and Explanation of Rating	Target Rating
Foundation for Health Care and Medical Readiness	•	[Observation notes and explanation of rating]	[Target rating]
Health Care and Medical Response Coordination	•	[Observation notes and explanation of rating]	[Target rating]
Continuity of Health Care Service Delivery	•	[Observation notes and explanation of rating]	[Target rating]
Health Care and Medical Response Coordination	•	[Observation notes and explanation of rating]	[Target rating]

Ratings Key
P: Performed without challenges
S: Performed with some challenges
M: Performed with major challenges
U: Unable to be performed

Ratings Definitions

Performed without Challenges (P)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Performed with Some Challenges (S)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws. However, opportunities to enhance effectiveness and/or efficiency were identified.
Performed with Major Challenges (M)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s), but some or all of the following were observed: demonstrated performance had a negative impact on the performance of other activities; contributed to additional health and/or safety risks for the public or for emergency workers; and/or was not conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Unable to be Performed (U)	The targets and critical tasks associated with the core capability were not performed in a manner that achieved the objective(s).
