

Ameri's Sweetest Date - Birthday gift for MannOfMen

Iruma's heart was beating like a drum as he stood before the door to Ameri's room. They were dating for a long, long time but tonight was truly special. Tonight his beloved girlfriend was about to reveal to him the result of her very special beauty treatment that was meant to give her the body of his dreams. Or more specifically, of his deepest and darkest desires. Having your lover change herself to better suit your tastes and preparing to see the results would make anybody tremble from excitement, but in Iruma's case the tension was almost unbearable. After all, he was a man of rather a particular taste in women.

Bolstering himself with a thought about his beloved Ameri spending the last two weeks in succubus spa just to look her best for him, Iruma steeled his resolve. He fixed his bathrobe, slicked his hair and puffed up his chest. He was ready to play out his role. Filled with renewed bravado, he pushed the doors apart and barged into Ameri's room. The sight before him made him speechless.

On the pink bed on the opposite side of the room laid a massive blob of flesh covered with a massive trail of fur in the middle. Upon hearing the door open, the fleshy expanse started to move back and forth, building up momentum with each hypnotic wobble. With a long, thunderous fart, the mountain of a woman managed to sit up. Seeing the flabbergasted Iruma, Ameri called out:

"Welcome, *Buooooorp*, dear~! Looking at your face I can tell that you love what you see~"

Iruma gawked at the beautiful sight before him. A living testament to gluttony and indulgence, glistening from sweat and slobber clad in barely fitting pink lingerie. Everything about her was perfect. From the pillowy, bed filling ass and equally soft and blubbery legs, through her boulder-like stomach covered in a trail of luscious hair to the gargantuan breasts resting on top of it and her cute, pudgy face with rosy, plump cheeks. As if on a cue, Ameri raised her fatty arms in the air showing her bushy pits. She then proceeded to start fidgeting left and right, causing her whole body to shake and spreading around her thick musky aroma. With a few wobbles, her lingerie snapped off from her, letting her tits sag freely. She finished her display by giving her stomach a squeeze and unleashing the loudest belch Iruma has ever heard.

"I see that you are enjoying the show, Iruma~ But I'm feeling a bit peckish, *buuuorp*.", said Ameri while gesturing at the massive pile of doughnuts next to her bed.

Without a second of hesitation, Iruma threw off his bathrobe and marched towards his lover. He climbed on top of the bed and gave Ameri a loving hug, letting her sweaty smell envelop him. As he hugged her massive gut, she blushed and let out a happy belch in his face.

"I love you so much, Ameri~", said Iruma, still sinking into her fat gut. "You became a total fat slob just for me~"

"I-iruma...", said embarrassed Ameri, before her boyfriend interrupted her.

"Tell me, do you enjoy living like that? Completely pampered, without a care in the world?", continued Iruma.

"Y-yes... I feel so... Pretty and girly", said Ameri, blushing.

"Well, you are the prettiest girl in the Makai after all~", said Iruma while stretching her happy trail.

"I-iruma... *boourp* It feels so, *hah*, good.", moaned Ameri.

"Shhhh~ Don't force yourself to speak, just let me please you~", said Iruma climbing up her belly with a plate of doughnuts.

"Say 'Ahhh'", he commanded as he dangled the first frosting covered doughnut before her.

Without a word, Ameri opened her eager mouth and closed her eyes letting Iruma take charge and feed her. Doughnut after doughnut, she gobbled up the tasty treats chewing loudly and letting the frosting covered crumbs fall into her deep cleavage.

"Look at yourself, you made such a big mess~", coed Iruma, leaning in closer for a kiss.

Suddenly, Ameri yelped when she felt Iruma's kiss fall on her deep cleavage instead of her lips. Slowly but surely, the blue haired man was working his way up kissing and licking off the sweat and frosting from his girlfriend. When he reached her jowls, Ameri was close to fainting from the excitement. Finally, his mouth reached hers and the lovers joined in a passionate kiss.

"I love you Ameri, you are the best girlfriend a man could ever ask for."

"I love you too, Iruma. You grew so much from the first time we met."

"You grew a lot too, Ameri~"

"Just kiss me, stupid~", said Ameri, before embracing Iruma with her blubbery arms, pressing him into her gargantuan chest.

And so, the sweetest date night has just begun.
