

2nd Grade Weekly News

Every year on the Friday before St. Pat's, a sneaky leprechaun comes into our classrooms and wreaks absolute havoc! Every year, the students design and build a leprechaun trap, but sadly, it has been to no avail. This year may be our lucky year to catch him! I am asking that each student bring in items on or before Friday, March 14th, to help construct this year's leprechaun trap. Some past items have been pipe cleaners, popsicle sticks, rubber bands, etc.
May the odds be ever in our favor!!

Mark your calendars!
