

describe these characters and scene in the form of json prompt for creating these in google gemini so that i can create these characters but diff fruits, it would be like same kind of render, but girl would be peach instead of strawberry and guy would be eggplant instead of cucumber in 9:16 aspect ratio

Here's a clean, production-ready JSON prompt you can paste into Gemini (or adapt) to recreate the same scene, style, and composition — but with peach (female) and eggplant (male) characters.

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of an anthropomorphic office scene with stylized fruit characters. A female character with a peach head (soft fuzzy texture, warm orange-pink tones, subtle blush gradient, expressive human-like eyes, wearing black rectangular glasses) is on her knees on the office floor beside a desk. She appears distressed and emotional, with a slightly open mouth and tense expression. She wears a fitted white office blouse with sleeves rolled up and a dark pencil skirt, maintaining a professional corporate look.\n\nStanding beside her is a male character with an eggplant head (deep glossy purple skin, smooth reflective surface, slightly curved elongated shape, expressive confident eyes). He is dressed in a sharp black business suit with a white shirt and a slightly loosened blue tie. His posture is dominant and calm, one hand in his pocket and the other gently patting the top of the peach character's head, conveying control and subtle authority.\n\nEnvironment: modern corporate office with cubicles, computer monitors, desks, and soft overhead fluorescent lighting. Background slightly blurred with depth of field for cinematic focus.\n\nLighting: cinematic soft office lighting with cool tones, subtle shadows, high contrast, Pixar-style rendering with realistic materials and reflections.\n\nComposition: vertical 9:16 aspect ratio, medium shot framing both characters, slight camera tilt downward to emphasize the kneeling position. Shallow depth of field focusing on characters.\n\nStyle: Pixar-style high-detail 3D animation, smooth

textures, expressive faces, realistic fabric physics, cinematic color grading.\n\nMood: emotionally tense but stylized and slightly humorous due to fruit character design.\n\nNo text, no watermark, no UI elements.",

🔥 Pro Tips (important for Gemini quality)

- If output looks too cartoonish → add "semi-realistic shading"
- If expressions are weak → add "highly expressive facial rigging"
- If lighting is flat → add "dramatic rim lighting from top-left"

If you want, I can also:

- Turn this into a video prompt sequence (like your Commander scenes)
- Or make multiple variations (angry boss, funny version, meme version, etc.)

ok so now give me series of prompts, for text to image generation(JSON) for this story:

So the story's gonna be like that you know so they would be like a beach girl and she would be so the first thing is already done and in the so 1st of all you provide me text to image generation right in the 1st chat and then you're gonna provide me the image to video generation for Google Veo 3 in the next chat ok so the first one is gonna be like that like you know the girl is gonna say like you know my husband is an upgrade and boss is taking advantage of her game and then she's gonna go back to her house and you know her beach guy like beach husband is gonna investigate it like you know wherever you would be angry he's gonna seminar I don't like your boss and then the next thing is say girl's gonna girl is gonna say I hope you trust me I had so much work and then in the next scene you know they both would be sleeping and the girl would start instantly you know started to scream and then the next scene she would be sitting in the in the washroom with like you know pregnancy test in his hand and she'd be like 0 my god I'm pregnant and then it's gonna be like that you know he's gonna tell her husband like the beach guy and the peach guy is gonna say Oh my god I'm so happy that's such a great news and the next thing is you know after 9 months he's gonna have a baby and she would be and the baby would be like an eggplant baby and husband is gonna get angry like she would be in the hospital and everything and he's gonna be like that respond is gonna be get very angry he's gonna say so you know you were cheating on me the entire time and you know and then the story is gonna finish this would be the story ok

Got it — I'll structure this as a clean cinematic sequence of JSON prompts for text-to-image generation (Gemini-ready), keeping consistency in characters, lighting, and Pixar-style rendering across all scenes.

SCENE 1 — OFFICE CONFESSION

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of a modern corporate office. A female anthropomorphic peach character (soft fuzzy

orange-pink skin, expressive eyes, black glasses) sits at her desk looking stressed and emotional. She wears a white blouse and pencil skirt. Behind her stands a male anthropomorphic eggplant character (deep glossy purple skin, wearing a black suit and blue tie) with a dominant posture, slightly leaning toward her. Office cubicles and monitors in the background. The peach character looks uncomfortable and tense as if being pressured.",
```

```
"aspect_ratio": "9:16"
```

```
}
```

SCENE 2 — PEACH RETURNS HOME (BEACH SETTING)

```
{
```

```
"prompt": "Ultra-detailed 3D cinematic render of a cozy beach house at sunset. A female peach character enters through the door looking emotionally exhausted. Warm golden sunlight pours in. Inside stands her husband, a male peach character (similar peach texture but masculine features, casual beach outfit like open shirt and shorts). He looks concerned and serious while facing her. Ocean visible through windows, soft curtains blowing.",
```

```
"aspect_ratio": "9:16"
```

```
}
```

SCENE 3 — HUSBAND GETS SUSPICIOUS

```
{
```

```
"prompt": "Ultra-detailed 3D cinematic render inside the beach house living room. The male peach husband stands with crossed arms, looking angry and protective. The female peach sits on a couch looking nervous and explaining herself. Warm sunset lighting, emotional tension. Background shows beach interior decor and ocean outside.",
```

```
"aspect_ratio": "9:16"
```

SCENE 4 — NIGHT / SLEEP SCENE

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of a bedroom at night  
inside a beach house. The peach couple lies asleep in bed under soft  
moonlight coming through the window. The female peach suddenly begins  
to toss and turn, her face showing distress. Calm blue lighting,  
cinematic shadows, peaceful environment turning tense.",  
  
  "aspect_ratio": "9:16"  
  
}
```

SCENE 5 — NIGHTMARE / SCREAM

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of the peach woman  
sitting upright in bed suddenly screaming in fear. Her eyes wide open,  
expression shocked. The husband beside her wakes up confused. Dramatic  
lighting with strong shadows and moonlight highlighting the panic.",  
  
  "aspect_ratio": "9:16"  
  
}
```

SCENE 6 — PREGNANCY REVEAL (BATHROOM)

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of a modern bathroom.  
The female peach character sits on the floor holding a pregnancy test,  
staring at it in shock. Her expression is a mix of disbelief and fear.  
Soft white lighting, mirror reflections, emotional focus.",  
  
}
```

```
"aspect_ratio": "9:16"
```

```
}
```

SCENE 7 — HUSBAND REACTION (HAPPY)

```
{
```

```
"prompt": "Ultra-detailed 3D cinematic render inside the beach house. The female peach tells the male peach husband about the pregnancy. The husband reacts with joy and excitement, smiling widely and holding her hands. Warm golden lighting, emotional happiness, ocean visible behind them.",
```

```
"aspect_ratio": "9:16"
```

```
}
```

SCENE 8 — TIME SKIP (HOSPITAL BIRTH)

```
{
```

```
"prompt": "Ultra-detailed 3D cinematic render of a hospital delivery room. The female peach lies on a hospital bed, tired but relieved. A newborn baby with eggplant features (small purple eggplant head, glossy texture) is being held by a nurse. The environment is clean, medical, and softly lit.",
```

```
"aspect_ratio": "9:16"
```

```
}
```

SCENE 9 — SHOCK REVEAL

```
{
```

```
"prompt": "Ultra-detailed 3D cinematic render of the male peach husband standing frozen in shock inside the hospital room. His face
```

```
turns from happiness to disbelief and anger as he looks at the eggplant baby. The female peach looks anxious and guilty on the bed. Dramatic lighting intensifies the tension.",
```

```
"aspect_ratio": "9:16"
```

SCENE 10 — FINAL CONFRONTATION

```
{  
  
  "prompt": "Ultra-detailed 3D cinematic render of a tense hospital confrontation. The male peach husband looks furious, pointing toward the baby and shouting. The female peach looks overwhelmed and emotional, sitting on the hospital bed. The eggplant baby lies in a crib beside them. Strong cinematic lighting, high emotional intensity, Pixar-style detail.",
```

```
"aspect_ratio": "9:16"
```

🔥 IMPORTANT (Consistency Tip)

To keep characters consistent across all images, ALWAYS reuse:

```
"same character design"
```

```
"same facial features"
```

```
"same clothing"
```

Example add-on:

```
"Maintain consistent character design across all scenes"
```

I'll convert this into Google Veo 3 image-to-video prompts with camera movement, dialogue, zoom, emotions (super viral style like your Commander videos) 🎬

video prompts with dialogues

Perfect — now we'll turn your story into Google Veo 3 image-to-video prompts with cinematic direction + dialogues + camera movement + emotions (high engagement / viral style 🔥).

I'll structure each scene like this:

- 🎥 Prompt (for Veo 3)
- 🗣️ Dialogue
- 🎬 Camera & Motion

🎬 SCENE 1 — OFFICE PRESSURE

🎥 Prompt (Veo 3):

Cinematic animated scene inside a modern office. A female peach character sits at her desk looking stressed while a tall eggplant boss in a suit stands behind her, slowly placing his hand on her head. The lighting is cool and corporate. Pixar-style animation, high detail, shallow depth of field, emotional tension.

🗣️ Dialogue:

Peach (nervous, low voice):

"My boss... he's been taking advantage of me... I don't know what to do anymore..."

🎬 Camera & Motion:

- Slow zoom-in on peach face
- Cut to over-the-shoulder shot of eggplant boss
- Slight tilt for tension

🎬 SCENE 2 — BEACH HOUSE RETURN

🎥 Prompt:

Peach girl enters a cozy beach house at sunset. Warm golden light fills the room. Her husband (peach male) turns toward her with concern.

 Dialogue:

Husband (worried):

*"Hey... what happened? You
