Privacy Policy of JoyTipsBet

Owner and Data Controller: Devideal Sp. z o.o.

Owner contact email: joytipsbet24@gmail.com

Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Cookies, Usage Data, geographic position, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and various types of Data.

User accounts

Some features of this app require creating an account with username and password. Using real name / email is not mandatory, we recommend using alias names and passwords that are not used on any other accounts. Remember, creating the account is necessary just so we can provide the service you desire (for example our Gold Chest feature).

Non Collected Data

We do not collect personal or sensitive personal data that could lead to a person being positively identified. Also, we never collect the data about race or ethnic origin, political opinions, religious or philosophical beliefs, trade union memberships, genetic or biometric data, health or mortality, sex life or sexual orientation, unless we are legally required by the court of law to do it.

Third-Party Links

Keep in mind that we are not in control of the data our partner websites collect and share. While we are committed to guarding your privacy and safety in every way possible, if you're leaving our application by clicking on third-party links, personal data they collect is out of our hands. We strongly recommend you read the privacy policies of those sites first.

Any use of Cookies or of other tracking tools by this Application or by the owners of third-party services used by this Application serves the purpose of providing the service required by the User, in addition to any other purposes described in the present document and in the Cookie Policy, if available.

All Data requested by this Application is mandatory and failure to provide this Data may make it impossible for this Application to provide its services. In cases where this Application specifically states that some Data is not mandatory, Users are free not to communicate this Data without any consequences on the availability or the functioning of the service. Users who are uncertain about which Personal Data is mandatory are welcome to contact the Owner.

Mode and place of processing the Data

Methods of processing

The Data Controller processes the Data of Users in a proper manner and shall take appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data.

The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition

to the Data Controller, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of the site (administration, sales, marketing, legal, system administration) or external parties (such as third-party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Data Controller at any time.

Place

The Data is processed at the Data Controller's operating offices and in any other places where the parties involved with the processing are located. For further information, please contact the Data Controller.

Retention time

The Data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

The use of the collected Data

The Data concerning the User is collected to allow the Owner to provide its services, as well as for the following purposes: Analytics, Location-based interactions, Advertising, Hosting and backend infrastructure, Infrastructure monitoring and social features.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Advertising

This type of service allows User Data to be utilized for advertising communication purposes displayed in the form of banners and other advertisements on this Application, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.

Some of the services listed below may use Cookies to identify Users or they may use the behavioral retargeting technique, i.e. displaying ads tailored to the Users interests and behavior, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.

In addition to any opt out offered by any of the services below, the User may opt out of a third-party service's use of cookies by visiting the Network Advertising Initiative opt-out page.

Personal Data collected: Cookies, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and Usage Data.

Place of processing: US / Privacy Policy / Opt Out

Analytics

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Google Analytics (Google Inc.)

Google Analytics is a web analysis service provided by Google Inc. (Google). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data collected: Cookies and Usage Data.

Place of processing: US / Privacy Policy / Opt Out

Hosting and backend infrastructure

This type of service has the purpose of hosting data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application. Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Firebase (Firebase, Inc.)

Firebase is a hosting and backend service provided by Google Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US / Privacy Policy

Infrastructure monitoring

This type of service allows this Application to monitor the use and behavior of its components so its performance, operation, maintenance and troubleshooting can be improved.

Which Personal Data are processed depends on the characteristics and mode of implementation of these services, whose function is to filter the activities of this Application.

Crashlytics (Google Inc.)

Crashlytics is a monitoring service provided by Google Inc.

Personal Data collected: geographic position, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and various types of Data as specified in the privacy policy of the service.

Place of processing: US / Privacy Policy

Location-based interactions

Non-continuous geolocation (This Application)

This Application may collect, use, and share User location Data to provide location-based services.

Most browsers and devices provide tools to opt out from this feature by default. If explicit authorization has been provided, the Users location data may be tracked by this Application.

The geographic location of the User is determined in a manner that isn't continuous, either at the specific request of the User or when the User doesn't point out its current location in the appropriate field and allows the application to detect the position automatically.

Personal Data collected: geographic position.

Social features

Inviting and suggesting friends (This Application)

This Application may use the Personal Data provided to allow Users to invite their friends - for example through the address book, if access has been provided - and to suggest friends or connections inside it.

Personal Data collected: various types of Data.

Further information about Personal Data

Push notifications

This Application may send push notifications to the User.

Access the address book

This Application may request access to your address book (Example - for sharing the app to your friends).

User identification via a universally unique identifier (UUID)

This Application may track Users by storing a so-called universally unique identifier (or short UUID) for analytics purposes or for storing Users' preferences. This identifier is generated upon installation of this Application, it persists between Application launches and updates, but it is lost when the User deletes the Application. A reinstall generates a new UUID.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Data Controller, in Court or in the stages leading to possible legal action arising from improper use of this Application or the related services.

The User declares to be aware that the Data Controller may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third-party services may collect files that record interaction with this Application (System logs) or use for this purpose other Personal Data (such as IP Address).

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

The rights of Users

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data Controller to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data Controller at the contact information set out above.

This Application does not support Do Not Track requests.

To determine whether any of the third-party services it uses honor the Do Not Track requests, please read their privacy policies.

Children's Privacy

These Services do not address anyone under the age of 18. We currently do not have stored (from what we know) personal identifiable information from children under 18. In the case we discover that a child under 18 has provided personal information, we will immediately delete this information. If you are a parent or guardian and you are aware that your child has provided us with personal information, please contact us and we will take the necessary actions.

Changes to this privacy policy

The Data Controller reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data Controller remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data Controller has about Users.
