

Photo Sharing Websites

Below you will find a list of 10 photo sharing websites. Your job is to review 3 of these websites (write a paragraph about each) and then write a final paragraph about which site you would choose. There are many resources for you to use; Check out the website itself, online reviews and look at the wikipedia entry for the site.

[Flickr](#)

[SumgMug](#)

[Picasa](#)

[Photobucket](#)

[KodakEasyShareGallery](#)

[ImageShack](#)

[Shutterfly](#)

[Webshots](#)

[Fotki](#)

I would like your review to be posted to your blog as 1 post. Again, you should have a total of 4 paragraphs, 3 of which are reviews of 3 different photo sharing websites and 1 paragraph about which one you would personally use. There are two reasons for this assignment. For one, I really believe it is super important to backup for most your most important documents which includes photos. Second, this is a great opportunity for a writing assignment to be inserted into our curriculum. This means that I will be using the writing rubric to grade this assignment. Do not copy from the Internet, check your grammar and spelling, and write to the best of your ability.
