

# The Consistent Client Engine™

You don't need more followers.

You need a consistent system that brings 5–15 qualified leads a day — even if you don't have a big audience or sales team.

Just like a fit body doesn't come from random workouts...  
a 6-figure coaching business doesn't come from random content.

We've helped 100+ Indian health coaches, nutritionists, and personal trainers who:

- Quit the content hamster wheel
- Built real sales and booking systems
- Went from ₹0 to ₹1L–₹20L/month in less than 90 days

Here's what we've learned...

---

**You're probably here because:**

You're a great coach. You get real results.

You've tried building your business with content... but deep down, you know it's not enough.

You're tired of:

- Getting ghosted after “how much?”
- Explaining prices to unqualified leads

- Being stuck at ₹30K–₹50K/month with no clarity

You know you're better than that.

---

## Why most health coaches never hit ₹1–3L/month

They rely on hustle, not systems.

They think:

“If I post more value, I'll get more leads.”

But what actually happens?

- No one replies to their stories
- No one books their calendar
- No one pays their premium prices

And they start to think:

“Maybe I need another certification.”

“Maybe people can't afford this.”

“Maybe I'm not good at selling.”

It's not your content. It's not your offer. It's not your price.

You just don't have a system that works while you coach.

---

## **What if instead you had:**

- **A message that attracts high-quality leads**
- **A funnel that filters and pre-qualifies them**
- **A WhatsApp CRM that nurtures them automatically**
- **A sales script that closes ₹15–₹30K clients**
- **A backend system that runs it all**

**That's exactly what we install for our clients.**

---

## **The Consistent Client Engine™**

**A done-for-you + done-with-you system that:**

- **Books 5–15 qualified health leads/week**
- **Closes high-ticket clients with confidence**
- **Gets you off the content grind**

**Even if you have:**

- **No ads experience**
- **No sales background**
- **No Instagram engagement**

**We especially help coaches who are currently selling low-ticket PDFs, ₹499 charts, or ₹6,000–₹10,000 consultations for 3-months transition to high-ticket ₹15K–₹30K offers — with confidence and automation.**

---

## **The difference between you now and a ₹3L/month business?**

**A system.**

**That's it.**

**Let's look at some real examples:**

<b>Old Way</b>	<b>New Way with Rev Up System</b>
<b>Ekansh was selling ₹899 PDFs</b>	<b>Now runs a ₹20L/month high-ticket sales team</b>
<b>Neha relied on stories + DMs</b>	<b>Now gets 37+ qualified leads/week from automated ads</b>
<b>Roshani feared calls and undercharged</b>	<b>Now confidently closes ₹25K+ clients using our script</b>

**This is the shift that happens when you install a consistent client engine.**

---

## Here's what it looks like:

Meta Ad / Organic → VSL → Razorpay / Calendar Booking

↓ WhatsApp Automation + CRM Follow-ups

This is how you scale a coaching business without burning out or chasing DMs.

---

## What we install:

Area	What We Do
Funnel	High-converting VSL + Booking funnel setup
Ads	Copy, creatives, targeting, and daily optimization
CRM	WhatsApp, tags, automation, follow-ups
Sales	7-Belief Script + objection handling support

**Support**

**Weekly review of ads,  
funnel, conversions**

---

## **Who this is for:**

**This system is designed specifically for Indian health coaches, personal trainers, nutritionists, and wellness experts who are serious about building a sustainable, high-ticket online business. If you resonate with any of the following, this is for you:**

**✓ You're tired of selling low-ticket plans**

**You're done with PDFs, ₹499–₹999 diet charts, or ₹6K/3-month consultation packages that leave you exhausted with little profit. You're ready to start charging what your expertise is worth (₹15K–₹30K+).**

**✓ You get your clients results — but can't scale consistently**

**You've helped people lose weight, reverse PCOS, gain energy, or build confidence, but you're relying on referrals, inconsistent DMs, or reels that barely convert.**

**✓ You want a system — not just content**

**You want a predictable lead + sales system that brings 5–15 leads per day on autopilot, with CRM automation, call booking, and proper targeting.**

**✓ You want help with sales — not pressure to be a closer**

**You hate feeling salesy, but you're open to learning a proven framework (like our 7-Belief Script) that helps clients say yes — without manipulation.**

**✓ You're already charging ₹5K+ or you're ready to upgrade**

**You've sold 2–3 programs before and you're ready to systematize, or**

**you've been stuck at low-ticket prices and want to confidently offer a premium coaching transformation.**

**✓ You value long-term results, not hacks**

**You understand that growth takes effort, and you're willing to follow a proven plan, take feedback, and trust the system over reels and hacks.**

**✓ You want coaching support + done-for-you tech help**

**You don't just want strategies — you want actual help setting up the funnel, ads, automations, and ongoing support to scale.**

---

## **Who this isn't for:**

**This isn't for everyone. If you relate to any of the following, our system likely won't work for you:**

**✗ You're looking for free traffic and followers only**

**If your focus is purely organic growth with no budget or intention to scale with ads, this system isn't a fit.**

**✗ You want passive results without doing the work**

**This isn't a "magic button." It's a framework that works — if you show up, stay consistent, and trust the process.**

**✗ You refuse to invest in your own growth**

**If you hesitate to spend on business tools, coaching, or systems, even after charging clients yourself, this will always feel expensive.**

**✗ You only want to sell generic PDFs or diet plans**

**Our system works for transformational coaching offers. If you only want to sell static PDFs and avoid human connection, this won't help you grow.**

**✗ You aren't willing to take feedback**

**We work closely with our clients to optimize their funnels, sales, and**

marketing. If you aren't coachable or open to new strategies, results will be limited.

**✗ You're expecting overnight results**

If you want 100 leads in 3 days and get disappointed fast, this system may not be suitable. It's designed to build a real business, not a 3-day hack.

**✗ You think sales are bad**

If you believe asking people to pay for your program is "pushy," you may struggle to sell — even with a great system. We help you fall in love with serving through sales.

- People looking for free leads only
- Coaches who fear learning sales
- People selling just PDFs, ₹499 charts, or ₹6K consults with no intention to grow
- Anyone not ready to invest in their own growth

---

## What does it cost?

One client pays for this system.

Seriously.

We build and launch everything for you.

You keep it all. We don't take a cut.

This is a monthly recurring offer — because we don't just build it once and disappear.

We partner with you long-term to support, optimize, and scale your system.

## **From the Founder:**

**“I built this system after years of watching Indian health coaches burn out on content, low-ticket plans, and ghosted DMs.**

**Now I help them build a consistent client engine that brings leads and books ₹15–30K clients every week — while they focus on coaching, not hustling.”**

**We’ve helped 100+ coaches do it.**
