

Sytan tells you, "I - do not feel for her in the way I do you, but this is not right. She has always had her slew of problems."

Folodu says to the group, "I - don't know why I told you all of that, earlier. I guess it felt important to..."

Locanius shouts, ""Help, anyone from the Gorowyn Militia, please help""

You shout, "... where?"

Locanius tells you, "((My mouth is covered ICly by my assailant so I can't speak now :())"

Xynia shouts, ""There seems to be a commotion around the bar""

You shout, "Vith! Sentries! To me!"

Gelntek:Gelntek says out of character, "So close! Must find, where you all at!?"

Folodu says, "Starting with a lie is a problem. Seems you had him cornered, from where I am standing."

Locanius says, "I only wanted to talk to her, I never did anything bads"

Folodu says, "So maybe you two should step away from each other."

You say, "Unhand her, cur."

Xynia folds her arms, "He's lying, the bastard tried to mug me!"

Folodu arches an eyebrow.

Ariahdnia curls her lip.

Folodu says, "What is this about. *nods to Xynia*"

Locanius says, "I didn't do anything"

Locanius begins to cry.

You say, "Then you won't have a problem kneeling."

You say, "Hands behind your head."

Xynia looked the Freeblood up and down, "Look at him! Liar! He was watching me from behind the bar!"

Xynia says, "Atleast ten minutes he was, eyeing up potential victims. The scum."

Xynia laughs.

Folodu says, ""*nods to Xynia*"

Ariahdnia looks stern, and twitches the reedblade toward the decking.

Locanius looks up from his sobbing, I am being arrested?.

Xynia looked to Locanius, flashing him a quick grin.

You say, "You will be, if you resist."

Ariahdnia motions to the prime sentry to wait up the ramp.

Locanius kneels, and places his hands behind his head.

Xynia says, "I must say, I am glad to see justice served well in these parts. You don't see this in Qeynos, no."

Xynia nods.

Ariahdnia nods and sheathes her reedblade.

You say, "better."

Folodu says, "You, too. *waves her sword at Xynia*"

Xynia says, "Wh-..."

Xynia says, "Me? "

Folodu nods.

Xynia says, "I'm innocent!"

You say, "Mask off, girl."

Folodu says, "Heresay is not a way to operate."

Xynia says, "What is this!"

Xynia says, "Mask off...how...how dare you!"

Ariahdnia looks unimpressed.

Xynia reluctantly pulled her mask off.

Xynia says, "Yes...you see, I have nothing to hide."

You say, "Good. That will help your case."

Folodu nods. "Good - now if you would kindly take a knee."

Xynia says, "As you wish..."

Xynia kneels.

You say, "Hands behind your head, like the boy."

Xynia places her hands behind her back.

Ariahdnia frowns at Xynia.

Xynia says, "I understand...this is just...protocol, right? Of course, you can see I had no part in this."

You say, "Do not try my patience, daughter of the sun."

Xynia says, "Oh...very well."

Xynia smiles.

You say, "Hands behind your head, or will you claim ignorance?"

Xynia places her hands behind her back.

Folodu sheathes her axe and sword swiftly, stepping to Xynia and quickly reaching for obvious weapons.

Ariahdnia does not look amused.

Xynia says, "Ah...you...you cant do that!"

Xynia is carrying a small dagger.

You say, "Don't test us."

You say, "Now. Name, residence, and profession, girl."

Xynia says, "You...you understand I have a right to protect myself. I carry a blade for...my own personal protection. You can't be to--"

Xynia allows herself to be searched.

You say, "Interesting."

Folodu attempts to take the obvious dagger.

Xynia says, "My...name, is...Sagona."

Xynia says, "Benezia."

Ariahdnia looks at the dagger her comrade finds.

Xynia watches as the dagger is taken, "As I said...for protection."

You say, "Benezia. MMhmm. And what are you doing on these end of the world, Benezia?"

Folodu steps back and takes a couple of sidesteps around her to Locanius.

You say, "You're alwful quick to defend the right of arms."

Xynia says, "I...am a traveller. Is that a crime?"

You say, "depends on what you're doing while travelling."

Xynia says, "I...need...such arms, what if I am attacked by a wild animal?"

Ariahdnia looks stern.

Folodu looks him over for weapons.

Xynia says, "I have no...wrong intentions. I assure you...I am...a mere trader."

You say, "In what? *looks her over for any sign of trader's gear"

You say, "Traders don't go about masked. bad for business."

You say, "even in Neriak.,"

Xynia there is no traders gear, infact there is barely anything on her but her clothing. Barely a coin.

Xynia says, "Maybe I don't like my face."

Ariahdnia smirks at Xynia.

You say, "Well. You are only an elion'en."

Xynia says, "Oh?"

You say, "The Sarnak do not look kindly on disorder in their City."

Ariahdnia glances between them sternly.

Xynia says, "Oh. I hear."

You say, "State the nature of your complaint against the boy."

Xynia says, "You see, that is to imply there is any disorder at all. Need I repeat myself, I am the victim here."

You say, "Do not lie."

Folodu takes any visible weapons from Locanius.

Locanius does not resist being disarmed.

You say, "Zer Thaldokli is an ally."

Folodu steps back and stows all weapons on her own belt.

Xynia says, "You see...I was at the bar, having a drink, you know?"

Ariahdnia studies her face as she speaks.

Xynia says, "And I see this...man, eyeing me from behind a crate. Next thing I know he has me up against the wall demanding my coin!"

Folodu snorts.

Folodu says, "It looked rather different from my angle."

You say, "Which crate, exactly, Miss Benezia?"

You say, "You can tell me from where you are."

You say, "Cooperate, and this will go easier on you both."

Xynia grunted a little, "Very...well, you see..that crate, behind the counter. Look."

Xynia points to the crate.

Folodu glances over quickly, then back.

You say, "So. He was behind the counter, watching you."

Xynia says, "That's correct."

You say, "Equites Amrunrosse."

You say, "how much coin did the girl have?"

Folodu says to the guild, "Vithing bull - mugged in a public space?"

You say to the guild, "Not with the Sarnak stannding so close."

Folodu looks Xynia over. "If she has a full gold on her, I'd be shocked."

Xynia curls her lip slightly, looking to Locanius.

Folodu says, "Half that, at most."

Folodu says, "Poor mark for a thief."

Xynia says, "Don't you...talk about me like that."

Xynia snarls.

Ariahdnia glances briefly toward the bar, measuring the distance.

You say, "Oh/ And what makes you a good one?"

Xynia quickly draws a small stone from her clothes, whispering into it.

Ariahdnia reaches to smack the device from her hand.

Xynia drops the stone, grunting.

Folodu sighs. "For someone who has done nothing wrong, you are quick to call allies."

You say, "And quick with excuses."

Xynia shuffled back a little, "Allies? I did nothing!".

You say, "This spot is a full fifty paces from the bar."

You say, "The boy is wearing his own weight in metal, and you would have outpaced him easily."

Ariahdnia scoops up the stone, and studies it.

Folodu turns to look at Locanius, keeping an eye on Xynia.

Folodu says, "What of you?"

Xynia says, "That stone is nothing but...a worthless mineral, you see."

You say, "Ta'shet."

Locanius says, "My name is Locanius of Neriak, before I tell you what transpired, may I tell you a bit about myself which would explain what I did"

You say, "This is a familiar design, the cheapest of ways to cast a talisman."

Xynia says, "Neriak! See, he asks for trouble!"

You say, "Watch your tongue, girl."

Folodu says, "city of orgin matters to you, when the combine empire is re-begun?"

You say, "You had your turn."

Ariahdnia hefts the small stone in her palm.

You say, "You ~might~ earn a second."

Xynia rolls her eyes.

Folodu says, "What is your tale? *looks to Locanius*"

Kambuja shouts, "I THOUGHT THE MILITIA WAS SUPPOSED TO PROTECT GOROWYN. I JUST KILLED SEVRAL OF THE MILITIA'S GUARDS."

Ariahdnia studies the boy, keeping the girl in her line of sight as well.

[Anonymous] Kambuja <Church of the Poisoned Mind>

Locanius says, "I have no recollection of my mortal life, and I am a recently turned Freeblood. I am part of an alliance of Freeblood's based in Neriak that is forbidden to feed upon mortals, if you check my bags, you shall find bottles of blood wine within my bags"

Locanius says, "only the Freeblood are permitted to carry Blood Wine within Gorowyn without documentation"

Kambuja:Kambuja says, "please leave the citizans alone."

Xynia says to the group, "**facepalm**"

Folodu says to the group, "i think i see a troll"

You say to the group, "i suspect the same"

You say to the group, "flo, you take this one"

Xynia says to the group, "do we ignore him?"

Folodu arches an eye at Makbuja's not broken leg from a fall in metal armor.

Folodu says to the group, "lets see how he reacts to that"

Folodu says, "Pardon, and your jurisdiction is..."

Kambuja:Kambuja says, "freeport wraithguard"

Ariahdnia curls her lip.

Xynia says to the group, "PALM, FACE, PAAALM"

Folodu says, "Then you are out of your jurisdiction. Move along."

Kambuja:Kambuja says, "leave them alone, or dule me and die."

You say, "Then you are far from base. "

Locanius says, "((Kambuja, get the bloody fucking hell out of here))"

You say, "We are dealing with them as law permits in this city, as we have dispensation from the Primary."

Xynia says to the group, "ohh no he diint"

Xynia snickers to herself.

Folodu says to the group, "yea, he did. ignoring if he doesnt go away, and if he sticks around, then report for harassment"

You tell Typhonous, "((the idea is a courier is running like hell for leather to the militia house to snag an officer))"

Kambuja:Kambuja says, "I dont care about your orders. unless you get them from the guild of The Gorowyn Milita i still wont"

Xynia says to the group, "I wouldnt report him, he just seems to be a...misguided RPer"

Ariahdnia glares and produces a seal ffrom her belt, bearing the mark of the Primary Kalmaraa.

Kambuja:Kambuja says, "I am stronger than you both. now leave them alone."

Xynia eyes the seal, "What is that." she snaps.

Locanius says to the group, "no, Kambuja is a godmodder and a really bad troll, he is worth less than horse shit when it comes to RP"

Xynia says to the group, "Met him before? :D"

You say, "Do not put your undead nose where you do not know the slightest thing."

Folodu says, "((ubergaming and metagaming in a scene already underway is not a way to enamour yourself to others. after shouting about killing the miitia guards, i dont see your presense in this being long lived. thank you for your time and have a nice day))"

Kambuja:Kambuja produces a seal bearing the mark of the Overlord, Lucan D'Lere.

Locanius says to the group, "yes, on other characters, but I rather not get into that"

You say to the group, "blegh"

You say, "((agreed, Folodu.))"

Xynia says, "Undead? Please, I am very much alive."

Kambuja:Kambuja says, "i believe they were talking to me."

Kambuja:Kambuja says, "besides, they know i can beat them in a fair duel, so they decline."

Xynia says, "((FOOL))"

Locanius says to the group, "Kambuja is also a Wannabe Knight of Freeport"

Folodu says, "So - you are of the Freeblood assembly - why were you up here, and presumably hiding?"

Xynia grins, looking around, "Are we going to take all day, ladies?"

Folodu says, "((your avatar's prowess is not your own. i recommend games like lemmings for you. trying to not kill everything might help you some))"

Naccor tells TQ"hi all whats up?"

You say, "Do not push your luck, girl."

Xynia chuckles.

Kambuja has killed Gorowyn Sentry Tertiary.
You say, "You may be accustomed to the brutality of the Tyrant's city -"
Locanius says, "I like to travel, I have had a very rough last few days of my life as a Freeblood. I was reborn, with no knowledge of who I was or what my life was before "
You say, "But here, the law calls for equal testimony and trial."
Kambuja casts a spell.
Locanius says, "my friends and allies have told me I need to get over my fear of socializing with others."
Folodu says to the group, "any guesses for how long he will hang around to kill guards around us?"

Xynia says, "Sob story! Liar!"

Locanius says, "She speaks the truth on some things, but I never made an attempt to rob her"

Xynia says to the group, "until his balls drop or something"

You say to the group, "**snerk**"

Folodu says, "So you did force her up against a wall."

Xynia says, "Oh? Didn't rob me did you? Care to explain what...did, happen then? "

Xynia laughs.

Folodu says, "Silence."

Locanius says, "I was hiding behind the barrel, watching her. I was attempting to study her behavior and determine if she would make good company. When she spotted me, I finally came out, and attempted to converse with her"

Folodu places a hand on her swordhilt.

Xynia curls her lip angrily.

Ariahdnia looks at her nails casually.

You say, "You know, the law does not forbid me to shut your mouth for you."

You say, "I generally find torture a poor avenue to information - but to silence?"

Ariahdnia shrugs at Xynia.

Locanius says, "I'll admit, it probably was not the best idea being sneaky, but I had no malicious intent behind doing so"

Xynia grins "You'll regret it."

Folodu says to the guild, "I think he should be frog-marched to the Lotus."

Ariahdnia quirks a brow.

Locanius says, "I was simply terrified, but I was trying to conquer my fear of socialization"

You say, "Oh, and why is that? This little stone calls - who, exactly?"

You say to the guild, "I think SHE should be frog marched to the brig."

Xynia looks around, attempting to remain ignorant. "What stone?"

Folodu says to the guild, "Worse liar than I am."

Ariahdnia does not look amused.

Folodu says, "So - you approached her, and..."

Locanius says, "She threatened me numerous times during the latter half of the conversation in front of the bar."

Xynia says, "Liar! He's lying! You have no proof!"

Locanius says, "she told me that I should leave, and not return. She told me to leave the bar area, at that point, I walked away to another table in which she followed me"

You shout, "SILENCE!"

Kambuja:Kambuja says, "In Freeport, I would put you all in jail."

Ariahdnia is using a form of the command-voice, so there's power behind it...

Arve:Arve shouts, "nah"

You say to the group, "...apparently a not very strong form"

You say to the group, "pah. ."

Locanius says, "she put a dagger to my stomach, and from the farthest table, I began backing up into this very spot, where she had me cornered and when I screamed for help"

Folodu nods at Locanius.

Xynia rolls her eyes, remaining silent.

Locanius says, "I am finished"

Folodu says, "That at least makes one."

Locanius takes a deep breath.

Kambuja:Kambuja says, "i doubt Locanius's story. she doesnt have a dagger."

Ariahdnia glances at her companion, her look skeptical.

Added ignore: Kambuja

You say to the guild, "Brig."

Folodu says to the guild, "Both of them?"

You say to the guild, "... vith."

You say to the guild, "there's no solid evidence for either."

You say to the guild, "but her manner has her guilt all over it."

You say, "Care to revise your version, girl?"

Folodu says, "I highly recommend it."

Folodu says, "I am a very good liar - your story makes me cringe."

You say, "i understand perjury before an officer and before the court carry different penalties."

You say, "Unless you are a masochist, I would reccomend taking the lesser charge."

Xynia sighs, "I told you my story."

Xynia smiles.

Xynia says, "You asked I remained silent, did you not?"

You say, "I did."

You say, "For all you did not succeed, while the boy spoke."

Folodu says to the guild, "He was up agaisnt the wall."

You say, "It is in my mind that his is the voice which summoned the guard."

Folodu says to the guild, "She was not at all cornered."

Folodu says to the guild, "When I saw, at the least."

Xynia laughs.

Xynia says, "For now I shall remain silent as you asked."

You say, "And there is of course, the fact that you could have esily escpaed his pursuit, but you had him against the stone."

You say, "Very well. You will have some time to consider your untruths."

Xynia smiles.

Ariahdnia pulls a length of densely knotted cord from her belt.

You say, "Equites. Secure her hands."

Xynia attempts to stand, backing up. "What! You can't do this!"

Folodu says, "Xas, Lady."

You say, "Make sure the elbow is elevated, in case she has the gift of contortion."

You say, "You will have a trial set within the sennight, no doubt."

Xynia says, "Stay back! You'll regret this! I swear!"

You say, "The sarnak are efficient."

Folodu pulls a length of rope from her bag and steps forward.

Xynia attempts to flee.

Ariahdnia casts an ice shackle.

Folodu lunges for the girl.

Xynia stumbles to the ground, hissing, "I'm not alone!".

Locanius continues his silence and keeps calm.

Xynia says to the group, "How does this dice system work? xD I haven't used one in a while"

You say, "Nau, you're not"

You say to the group, "oh, roll to try, roll to defend."

Folodu steps hard on the planks, righting herself.

Xynia says to the group, "Which is try and which is defend?"

You say to the group, "If I get less than , then my spell fizzles ish and you decide how much of the fizzle hits you"

You say to the group, "Try is first, defend is second"

Xynia says to the group, "What is the dice command?"

Folodu says to the group, "mostly, direct /random system. whoever has the highest score does their thing"

You say to the group, "oh!"

You say to the group, "/random"

Random: Xynia rolls from to on the magic dice...and scores a !

Xynia says to the group, "GAH"

Ariahdnia marches toward her, snapping the knotted cord at the ready.

Folodu says to the group, "we both made an attempt at you - so you do get rolls"

Random: Xynia rolls from to on the magic dice...and scores a !

Xynia says to the group, "I don't remember what you both rolled ._."

Folodu says to the group, "and I think the goes to my , so I had a goodish chance, but I think we are fine where we are now, if you are okay with it"

Xynia says to the group, "Yep"

You say to the group, "ok so... the ice was maybe a glancing something, she tripped, and I'm going to attempt to bind her by rope"

Ariahdnia crouches over her, grappling for one hand.

Folodu kneels into the girl's back and grabs for her other arm.

You say to the group, "So you win - and if you want to turn it into an attack, announce and roll. heehee"

Folodu says to the group, "wow. . I think I almost tie myself up"

You say to the group, "LOL"

Xynia attempts to get to her feet, and goes onto flee further.

Folodu says to the group, "I'm sorry, I got an idea for the "

Ariahdnia stands, cursing.

Folodu slips on the ice and falls to her hands and knees, cursing.

Folodu stands and leaps onto the table and for the girl.

Ariahdnia stalks back to the boy, stuffing the cord back into a belt pouch.

You say, "Now, boy."

You say, "What was she trying to get from you?"

Locanius says, "yes?"

Locanius says, "she wanted the money I had"

Ariahdnia looks at the talisman she took, and then drops it in a shielded silk bag.

You say, "I see."

You say, "And she knew you had it because...?"

Locanius says, "all I did was attempt to make friends with her, and she turned it into an opportunity to rob me"

Ariahdnia nods and offers him a hand up.

You say, "You will report to Primary Typhonous first thing in the morning, and repeat your statement to him."

Folodu says to the group, "by the by, needing to check your own roll number?"

Locanius says, "yes I understand, but may I ask a question?"

You say, "You may."

Folodu says to the group, "might be in the combat window, unless you have a different tab it shows up in - it is the command text option in char text"

Locanius says, "I am not arguing about having to report to The Primary, I am willing, but I am curious as to why exactly, is this me testifying against the woman?"

You say, "Unfortunately there is little physical evidence."

You say, "She was unsuccessful in relieving you of your purse."

You say, "So."

You say, "All that can be hung on her is the assault, if there was that, and the resist."

You say, "Which, of course, she is adding to."

Folodu says to the group, "a magic rope that attaches to the blonde woman's belt. that's original. for rape stories"

Ariahdnia glances over her shoulder to see how the arrest is going.

Locanius says, "I shall be there to explain again"

You say to the group, "... what."

Xynia says to the group, "that guy is crazy"

Folodu says to the group, "let me guess. next is octopus"

Folodu says to the group, "tell me if he pulls out a squid"

Ariahdnia nods at Locanius.

You say, "that makes good hearing."

Folodu says to the group, "or other cephalopod"

You say, "Know that you will have our word with you."

Locanius tells you, "((now is The Primary going to be on tomorrow?))"

Ariahdnia offers a wry grin.

Locanius nods at Ariahdnia.

You tell Locanius, "(kalmarraa is always on in the mornings and evenings - Typhonous is on now, but hunting))"

You tell Locanius, "((I spoke to Typhonous already about involving them directly with the event))"

Locanius tells you, "((ahh, alright thank you :)))"

You say, "Now. If you are not too rattled with the events of the evening we would be pleased to escort you to a ... quieter establishment for rest."

Locanius says, "I think it might be safer for me to open a portal to home, and retire in the tavern"

for the night in headquarters"

You tell Typhonous, "*** a note arrives by courier, with a brief incident report, and a note, both signed Praetor A. Z'Ress of the Vigiles Amicae, of Gorowyn... "

Ariahdnia nods at Locanius.

You say, "As you wish it."

Locanius says, "May you walk in light friend"

You say, "If you have need again, the gorowyn Militia will serve and Protect - and so will the Amicae."

Ariahdnia crisply salutes Locanius.

You say, "Vai Z'Ress."

Locanius bows to Ariahdnia.

Xynia says to the group, "Burger King, now in Gorowyn"

Folodu says to the group, "lol"

Folodu says, "Want to hear about not easy?"

Xynia says, "Where are you taking me anyway. Pah."

Folodu says, "Try being the only Koadi in Freeport for a decade."

Xynia says, "Spare me your life story, I couldn't care less."

Folodu says, "To the Militia's barracks."

Folodu says, "You delight in making your not easy life harder. Congratulations."

You tell Typhonous, "... the note reads: Primary - Expect Locanius of the Vlosslye alliance to report in person in the morning. Xynia will be delivered to your bring shortly. As the report details, she was clearly the aggressor in the case, and has resisted..."

Ariahdnia stalks up, assessing the situation.

Folodu says, "Lady - the accused has been detained."

Xynia says, "Pah. Think what you will."

Folodu has Xynia bound rather nicely.

Xynia says to the group, "Where'd the other guy go?"

You say, "Excellent. I have had a brief word with the Sentry on duty."

You say, "They will be ready to recieve her by the time we get her there."

Folodu says to the guild, "I don't think she had him targetted specifically - I wonder how much is really hard of her own making."

You say to the group, "think he logged for night"

Folodu says to the group, "awwww"

You say to the group, "yeah"

You say to the group, "offered him escort to another bar but he declined."

Xynia grunted, "Oh please, lead the way".

Folodu says, "Spitfire, here. I'm sure they will find a nice padded cell."

Folodu says, "It would be awful to offend her."

Xynia groans.

You tell Typhonous, "... questioning, has purjured herself, and now has resisted arrest. We turn her over to your authority as soon as we are able to get her up to the headquarters.*"

Folodu says to the group, "so before we actually take you up there, are you truly okay with that happening to your char? I dont know they jail rules"

Ariahdnia chuckles at Folodu.

You say to the group, "I don't either, offhand, but i know they have a nice one"

Xynia says to the group, "No problem, as long as she isnt killed or detained for too long"

You say to the group, "oh nah"

Folodu says to the group, "and there are many places to jump from - "

You say to the group, "I talked to Typhonous already"

Xynia says to the group, "She might escape if she has the chance ;D"

You say to the group, "he or kalmarraa will get to questioning her tonight or tomorrow"

Xynia says to the group, "Not to mention she's on a mission from the Tong to investigate the Militia"

Folodu says to the group, "i wonder if they are like the KoF in that you can go out oocly all you like"

You say to the group, "Heehee"

You say to the group, "i should imagine so, though you'd want to take the rp tag off"

Folodu says to the group, "ooo so this all serves a dual purpose"

Xynia says to the group, "Why would I need to take the RP tag off?"

You say to the group, "unlike KoF, they won't let you stew without knowing the charge"

Folodu wraps the long end of the rope around her arm a few times snugly.

You say to the group, "With rp tag on, you can't move around int he world oocly."

Typhonous:Typhonous tells you, "(changing over to Kal in a sec"

Xynia hisses, "It's tight enough!".

Xynia says to the group, "Ah right"

You say to the group, "Well. you can, but not advised"

Xynia says to the group, "No taverns tonight 'D"

Xynia says to the group, ";D"

You say to the group, "lol maybe maybe not"

Folodu says, "Good, and now it's enough so on me that if you try to jump, you have me to hold you back."

Xynia says, "Oh get on with it!"

You say, "Come on, Miss Benezia."

You say, "You wouldn't want to miss your appointment."

Folodu says to the group, "hell, ive never had a problem saying what happens tonight cant Rply be later in the week."

Xynia laughs.

Xynia says, "Miss. Sagona Benezia indeed."

You say to the group, "proposal that we run up there, then resume rp in residence district?"

Xynia says to the group, "Nah, I'll be online tomorrow. I usually cant be on much late (im in the UK, its am right now) during the week"

Folodu says to the group, "so if she isnt goign to escape, we can just run up there. thats a long walk"

Xynia says, "Better believe it."

You say to the group, "ty said he's switching to Kal"

Xynia says to the group, "I might take a while loading into the guild hall (if thats where we're

going?)"

You say to the group, "Thought Ty was a different person than Kal. lol"

You say to the group, "yep - and that's cool"

Folodu says to the group, "i take a good seconds to load any hall"

You say to the group, "he's been pretty good about repeating objects for easier load in"

Xynia says to the group, "Gah I always get lost in Gorowyn"

You have entered Gorowyn Militia's Guild Hall.

Ariahdnia crisply salutes Kalmaraa.

Xynia arrived bound in rope, grunting. Then flashing a grin. "Oh...might I be in the presence of the...Gorowyn Militia?" she smiles.

You say, "Primary Di'Zin."

Kalmaraa:Kalmaraa says, "Hmm, hello."

Folodu holds tightly to the loose end of the rope.

You say, "i trust my runner reached you in good order?"

Ariahdnia sweeps off her hat and tucks it under her left arm.

Folodu says out of character, "i cant help it. for some reason i think the guards should be named for philosophers"

Folodu says out of character, "i blame erche there"

Kalmaraa:Kalmaraa hmms and nods, "Yes the runner did....".

Ariahdnia crisply salutes Kalmaraa.

Xynia laughs, "Tell me, who might you be?" she looks to the Sarnak.

Kalmaraa:Kalmaraa says, "((Oh I had a Ree alt in jail, the guard down there is named japanese for bacon."

Folodu says, "((lol))"

You say, "This is the instigator of the discord on the second concourse, Primary, Zer."

Xynia bows sarcastically, "Pleased to...meet you."

Kalmaraa:Kalmaraa hmms and nods, "I see...".

You say, "her reported name is Sagona Benezia."

Xynia says, "That is correct."

Folodu says, "Confiscated items are one potmetal dagger."

Kalmaraa:Kalmaraa says, "So what was the nature of this discord again?"

You say, "She took offense to the notice of a freeblood by name of Locanius of Vlosslye"

You say, "then proceeded to attempt to relieve him of his purse."

You say, "She has claimed she was assaulted by him without provocation, but the facts do not fit her claim. They do fit his."

Xynia laughs at Kalmaraa.

You are thirsty but have not selected anything to drink.

You say, "and - one enchanted talisman."

Kalmaraa:Kalmaraa hmms, "I see..." He then looks to Ariahdnia, "Oh?".

Ariahdnia retrieves the small stone from one pouch at her belt and hands it over to the Primary.

Xynia looks to the Talisman, "That...that isn't mine."

You say, "When her falshoods began to be exposed, she attempted to call for backup."

Xynia says, "That isnt true!"

You say, "She resisted questioning and the arrest, Zer."

Folodu says, "Interesting that it should be in your possession."

Folodu says, "Let me guess - holding it for a friend."

Xynia says, "I...I don't know what it is! I was going to sell it!"

Xynia looks around nervously.

Kalmaraa:Kalmaraa looks it over, "We shall see...." He justlooks back to Xynia, "Well lets put her in a cell down for right now till we get this sorted out shall we..".

Folodu says, "After muttering at it."

Ariahdnia crisply salutes Kalmaraa.

Xynia flashes Folodu a sour look over her shoulder.

You say, "very well, Primary."

Kalmaraa:Kalmaraa says, "THis way..."

Xynia looks arent, taking a mental note of the area and grinning.

Folodu looks around.

Folodu says, "Comfortable, here."

Kalmaraa:Kalmaraa has the Standard open the cell.

Xynia says, "This is disgraceful! You can't possibly expect me to sleep here!"

Ariahdnia shakes her head in wry amusement.

Folodu says, "I agree - perhaps the table, there."

Kalmaraa:Kalmaraa says, "Well by Gorowyn law you could always challenge your crims to a trial by combat."

Xynia says, "On second thoughts...this will do me just fine."

Kalmaraa:Kalmaraa says, "Right now the crime just seems to be petty theft."

Folodu unbinds her as she walks into the cell.

Xynia says out of character, "Are there possibilities of escape?"

Ariahdnia nods at Kalmaraa.

Folodu wraps the rope quickly and stows it in her bag.

Xynia grips at the bars, staring angrily at the three.

Kalmaraa:Kalmaraa says out of character, "guards tend to rotate on the hour and there are wards in place to prevent magic use."

You say, "for now, that, and the perjury,"

Xynia says, "You won't hear the end of this!"

Folodu says, "She has not been thoroughly searched as yet."

Kalmaraa:Kalmaraa says, "Hmm well that is just it, trail by combat is the only kind of trails we have in Gorowyn.. we are a military society after all."

You say, "The boy is charged to report to you by tomorrow morning to confirm his account."

Kalmaraa:Kalmaraa says, "Good."

Kalmaraa:Kalmaraa says, "She will stay here for the night at the least till this is sorted out."

Ariahdnia nods at Kalmaraa.

Xynia rolls her eyes, giving a rude hand gesture.

You say, "there is one other thing Primary."

You say, "There was a wraithguard trying to make trouble as well."

Kalmaraa:Kalmaraa hmms and looks over the amulet again then loks back, "What might that

be?".

You say, "the Tyrant tries to overstep his reach."

Kalmaraa:Kalmaraa says, "A wraithguard... of Freeport?"

Ariahdnia nods at Kalmaraa.

You say out of character, "Technically, a troll"

Kalmaraa:Kalmaraa says, "Your certain of this?"

You say out of character, "but he "tries" to rp so worth warning you about"

Ariahdnia nods at Kalmaraa.

You say, "I am."

You say, "I have seen how they are made and i know the kind."

Kalmaraa:Kalmaraa says out of character, "AH then I shall call in the Knights of Freeport to come and meet this Wraithguard heh."

You say out of character, "Kambuja is the name"

Xynia says, "That is nothing but a simple trinket! I know nothing of it!"

Kalmaraa:Kalmaraa says out of character, "Danke"

Ariahdnia shakes her head and casts an almost pitying look at the human.

Kalmaraa:Kalmaraa says, "I will let our researches decide on that just be thankful that your crime right now is a minor one."

Folodu says, "Wow - even I'm not that bad."

You say, "Perhaps a cooler head will be your boon in the morning, elion'en."

Xynia says, "Very well."

Xynia groans.

Folodu says, "Well - wait."

Folodu says, "No, I am."

Folodu grins.

Folodu takes a dagger from her belt and holds it to Kal.

Folodu hilt first, too.

Folodu says, "Her other personal effect."

Xynia raises an eyebrow, "Hmm?".

Xynia says, "Oh...heh."

Xynia grins.

Kalmaraa:Kalmaraa hmms and takes the dagger in hand, and looks it over.

Kalmaraa:Kalmaraa says, "If there is nothing wrong with the amulet it will be returned with the dagger when you leave... so if there is something special about it, best to let me know now."

Xynia says, "I told you. It isn't mine."

You say out of character, "if i could send ingame mails, i would have done that, but, well."

Kalmaraa:Kalmaraa says, "We all are but actors on the stage with a story to tell - shakesphere"

Folodu says, "Ah, perhaps toss them into the ocean, then."

Kalmaraa:Kalmaraa says out of character, "ment that as ooc but it's my apporach to this."

Xynia says out of character, "I should be online at the same times tomorrow"

Xynia gripped the bars, "N-no!".

Kalmaraa:Kalmaraa says out of character, "I'm free most evening."

Folodu nods. "Now we're getting somewhere.".

Ariahdnia chuckles at Folodu.

Kalmaraa:Kalmaraa says, "Well if we find something about the amulet your not telling us, your charges can increase."

You say, "Equites, you have a talent."

Folodu says, "Thank you, Lady."

Xynia sighed, "I use it for...communication."

Folodu says, "I think she's a special operative in training."

Ariahdnia is standing at something like parade rest, hat in crook of left arm.

Kalmaraa:Kalmaraa says, "Communication with who?"

Xynia gestures to the stone, "They...aren't from around here. It isn't important."

Xynia says, "The stone is useless in these parts."

Folodu nods. "Special operative."

Folodu says, "Very green."

Xynia grips the bars again, lowering her voice. "We...don't exist." she grinned.

Folodu blinks.

Folodu says, "Of course you don't. I apprehended a phantom."

Xynia says out of character, "I'm gonna need to log soon D:"

Kalmaraa:Kalmaraa says, "Hmm well I can always call in some Freeport interigators... I hear they have a talent that is something we can learn."

Kalmaraa:Kalmaraa says, "((ah okay we can end it here if you want."

Ariahdnia chuckles and shakes her head.

Folodu says out of character, "kk - had much fun, though the whole thing"

You say, "Oh yes, the third brigade is quite practiced at getting confessions to anything and everything."

Folodu says out of character, "even with the troll who was so easy to disarm"

Xynia says, "The stone is useless here. You've got what you want from me. I wish to sleep now."

Xynia lays on the bedroll, smirking to herself.

Xynia says out of character, "Again thanks for the RP :D"

Kalmaraa:Kalmaraa says, "Fine, but you will be watched."

Xynia says out of character, "It was a blast ^^"

Kalmaraa:Kalmaraa says out of character, "defently was interesting."

You say out of character, "anytime - just look us up."

Xynia says, "Brilliant."

Ariahdnia crisply salutes Kalmaraa.

You say, "if you need anything further from us, we will be going to New Halas shortly on another lead."

Folodu says, "Well - that was a slight amount of chaos."

Folodu grins.

You have entered Frostfang Sea.
