

Squid Game prompt

Ultra-realistic cinematic portrait of uploaded man standing confidently in the center of a large crowd wearing identical white geometric masks and deep red hooded robes, uploaded man wearing a perfectly tailored black luxury suit with white shirt, elegant classy styling, holding one white polygon mask forward toward the camera, calm confident body posture, slightly tilted head, surrounded by mysterious masked figures in symmetrical formation, intense red cinematic lighting mixed with soft cold foggy backlight, dark atmospheric environment, dramatic shadows, smoky background, luxury thriller movie aesthetic, ultra detailed fabric textures, realistic skin texture, high contrast composition, shallow depth of field, powerful visual storytelling, professional editorial photography, cinematic masterpiece, volumetric fog, moody ambience, hyper realistic, 4K, sharp focus, vertical composition 4:5

Motion Background Prompt

A cinematic streetwear photoshoot of a teenage boy standing on an outdoor basketball court, don't change out fit, face,, head slightly down covering face with hand, natural pose, multiple motion clones of the same person walking around him creating a motion blur effect, dramatic lighting, dark moody sky, high contrast, sharp focus on main subject, depth of field, fashion editorial style, urban environment, trees in background, realistic shadows, 4k ultra realistic, nike style campaign, poster design. Aspect ratio 4:5, 4k

Aesthetic portrait

Blur the picture and overlay the text with suitable colours as reference pic.

The subject from the uploaded image is captured in a cinematic double exposure portrait. The image maintains the same pose and profile view, rendered in a grainy, high-contrast black-and-white halftone manga-style texture.

Behind the subject, a large bold 3D geometric shape or typography reading "TYPE YOUR NAME" in deep crimson red creates a sharp silhouette.

A dramatic beam of white light cuts across the frame, highlighting subtle atmospheric particles or mist, creating a glowing cinematic effect.

The expression is intense and calm, with strong shadows enhancing facial features.

The composition is powerful, minimal, and

highly stylized, with no smoking or distracting elements.
Face should closely match the uploaded image.
Ultra-detailed, cinematic lighting, poster design,
4:5 aspect ratio.

One Piece Luffy Prompt

Create an image of me wearing Toji fushiguro's costume from the anime Jujutsu Kaisen, including the design of his sword and curse object and the exact clothing he wears in the anime.

Put me in his signature pose, characterized by stark cinematic lighting and intense contrast. Captured with a slightly low, upward-facing angle that dramatizes the subject's jawline and neck, the composition evokes quiet dominance and sculptural elegance.

The background is a deep, saturated crimson red, creating a bold visual clash with the model's luminous skin and dark wardrobe. Lighting is tightly directional, casting warm golden highlights on one side of the face while plunging the other into velvety shadow, emphasizing bone structure with almost architectural precision.

The subject's expression is unreadable, with cool-toned eyes half-lidded, lips relaxed—suggesting detachment or quiet defiance. The model wears a black colour t-shirt and white Harem pant with black cloth belt, its texture richly defined against the skin's smooth, dewy glow. Minimal retouching preserves skin texture and slight imperfections, adding realism.

Editorial tension is created through close cropping, tonal control, and the almost oppressive intimacy of the camera's proximity. There are no props or accessories; the visual impact is created purely through light, shadow, color saturation, and posture—evoking high fashion, contemporary isolation, and hyper-modern masculinity.

Make the face and hairstyle as similar as possible to the one in the photo. Make the costume very detailed and realistic. Keep the same hairstyle and color, and use colors and textures similar to the anime.

Solo Leveling

Use the uploaded image as the ONLY facial and identity reference.
Identity lock is absolute. Do NOT change face, proportions, or beauty.

Create a live-action cinematic AMV shot with the exact same eye-emission style and shadow mist behavior as the reference character.

Outfit & Pose

She wears a black blazer, white shirt, and loosened black tie, identical styling.

Shirt slightly open at the collar.

One hand firmly gripping the loosened tie near the collar, casual but threatening.

Posture relaxed, dominant, unhurried.

Body slightly angled, head subtly lowered.

Expression & Aura

Facial expression is:

Calm

Cold

Emotionless

Faint restrained smirk

No softness. No glamour. No seduction.

Her presence radiates absolute control.

Eye Emission (CRITICAL - DO NOT CHANGE)

Only ONE eye emits energy

Emission is a thin, sharp white-blue streak Light leaks sideways from the eye, not outward

No glow bloom, no halo, no fantasy aura The light feels compressed, internal, restrained Like energy escaping through a crack

The other eye remains dark and partially shadowed.

Shadow Tail & Black Mist (CRITICAL)

From the emitting eye, black shadow energy leaks out

Shadow behaves like ink in water

Tendrils twist, stretch, and curl backward Shadow breaks apart into drifting black mist

Mist is semi-liquid, heavy, corrupted

Mist flows with wind and rain, not floating randomly

Background filled with dark corrupted mist, not normal fog

Lighting & Atmosphere

One side of face swallowed by deep shadow

Emitting eye is the visual anchor

Heavy rain in slow motion

Wind lifts hair, blazer, and shadow tendrils Cold cinematic color grading Deep blacks, high contrast

Camera & Style

Ultra-realistic live-action

Professional movie camera

Shallow depth of field

Cinematic framing

Grounded, intimidating, AMV dominance
