Hope! You are one of the most talented people I know. You are so devoted to swim team and choir and your dedication really shows! You are so kind and humorous. Thanks for getting me through freshman year chem and early morning swim practices! --Teja

Hope- You're such a kind hearted, funny, talented, and driven person. I'm so happy that we shared two classes this year. I can always count on your own dedication in school pushing me to work harder. I really hope that we have classes together next year! (Also please don't put my hair in pigtails again, though that was pretty funny) -Ella >:D

Hope,  
I'm glad to have you around. Engineering Club would be a complete mess without you and Language would just be Nick and Jackson debating in front of the entire class. I like listening to what you have to say and the help/advice you give. I also like that you admit when you have no idea what you're doing. Thanks for sending me that Spotify playlist, I listen to it. You are so knowledgeable & friendly and I hope to hangout with you more once quarantine is done with.

Hope- I never got to know you that well but I loved hearing all your great ideas in LIT. You inspire me to become a better writer, I hope we have another class together next year! Have a great summer,

Lydia :)

Hope- You have always been confident and helpful, getting me to do things I was too lazy to do. You telling me quotes like "You miss 100% percent of the shots you don't take"-by Lee Harvey Oswald really helped take opportunities I wouldn't have otherwise. With your fun and witty attitude, you really reminded me of Ted Bundy's charisma, or this quote, "A little bit of fun never hurt anyone!"-by John Wayne Gacy. With that, I leave you with a bit of advice from my personal idol, Dame Judi Dench. "I think you should take your job seriously, but not yourself-that is the best combination"

Hiii Hope!!

It was so much fun to have chem with you this year, and it was great those few times when I got to sit at a table with you and Kai and Maggie! I loved having a class with you, not to mention it made me feel way less awkward about leaving for swim meets! Wow, swim team feels like it was SUCH a long time ago. I love being on a team with you, be it Lakeridge or Garfield, because you are just the absolute nicest person and so much fun to be around. Sophomore Squad is the best! (I'm sad we'll be leaving the alliteration behind next year...)

Well, hopefully I'll see you lots next year!!

-Clio

Hope, I am so very happy that I got the chance to know you this year!!! You are such a sweet and positive person! I love your smile, and I loved talking to you in chem and Engineering Club this year. You always had a lot of positive energy that was contagious, and it was so fun to sit with you and Maggie and work on POGILs in Shaw's class! I am really excited that you were elected to be on the Math Team staff, and I am looking forward to an awesome year next year! You're such a great friend! Keep in touch!

Hello my dear friend Hope. I've always enjoyed our talks about random stuff. You are extremely fun to be around because of your upbeat personality. I don't think you need me to tell Yu that your an awesome person because that's a fact. Hopefully we have some classes next year (if we even have school) but who knows? DFTHAGS= Don't forget to have a great Summer

You are so dedicated and really good at swimming (I don't understand how you do butterfly) and funny and sweet and you make really nice food that makes me hungry every time I go to instagram and I love hanging out with you! I loved getting to know you better this year and our iconic squad in mr. king's class! I miss you so much and i can't wait to hug you after corona!!! Also, we totally should have corona school together next year that sounds so fun! You are the best!

Hope! You are a great friend and I'm very glad we got to know each better this year. You are very supportive and you were always willing to help me when I was having trouble. Thank you for being a very kind person to me and enjoy your summer break!

HOPE! I missed you so much this last year, oh my goodness. You are so bright and funny and wonderful and getting to hang out with you in Mr. Gish's and Ms. Jones' classes freshman year was always a highlight of my day (not to mention that you were one of the only things keeping me sane in that latter one). I'm really hoping that we get classes together next year, but even if not we totally need to hang out more! You rock!
