INCISION UQ

The logo consists of the word 'INCISION' in a large, bold, purple sans-serif font. To the right of 'INCISION' is 'UQ' in a smaller, purple sans-serif font. Above the 'I' in 'INCISION' and the 'U' in 'UQ' is a stylized purple line that curves upwards and to the right, ending in a small circle. The 'I' and 'U' are partially cut by this line, giving the impression of a scalpel blade.

The Surgical Arm of the UQMS

About the UQMS

Established in 1936, the UQMS is a not-for-profit, incorporated association which strives to support and enrich the UQ medical school experience. Through a significant range of academic, social, wellbeing, philanthropic, cultural, advocacy, and leadership opportunities, the UQMS aims to inspire and develop well-rounded medical students. Comprising over 100 volunteers, it is one of the largest and most successful student organisations in Australia. The UQMS works closely with the UQ Faculty of Medicine as well as local, state, and national bodies to ensure that all UQ medical students benefit from a student built community like no other. Above all, the UQMS values inclusivity, diversity, integrity, connectivity, fulfilment, and excellence throughout their actions, events, and activities.

About the UQMS Rural Arms

Starting from 2024, in response to the growing student population at rural sites due to the new MD program, UQMS is embarking on an expansion initiative to establish rural arms at each learning community. Under this framework, each of the three rural learning communities will feature dedicated teams to oversee the running of events and initiatives catering the rural cohort.

This cohesive team will collaborate closely with the wider UQMS Management Committee to enhance student experiences at rural sites and foster abundant opportunities beyond the metropolitan setting. In 2024, we envision a year of planning, growth, and laying down foundations. Our aim is to expand and witness the opening of new roles and opportunities by the end of the year. This strategic approach will enable us to cater to the increasing student population and further enrich the student experience at rural sites.
