

PLANNING FOR PEACE

Purpose

What advice would you give world leaders creating a “how-to” plan for peace in 1918? Thinking about rules to follow for peace in 1918 will help you consider what went wrong in the first place, and whether war could have been prevented.

Process

Draft three rules for the international community to follow after 1918 that would prevent another worldwide conflict. Be sure to explain your reasoning for each rule.
