Bulletin No. 142

Day 5: A / B / C / G / Flex

Dismissal @ 2:50

Gateway to College Program at North Shore Community College

Stoneham High School has partnered with the Gateway to College program at North Shore Community College to offer struggling students an option to earn their high school diploma and meaningful college credits. Gateway to College is a unique dual enrollment opportunity for students who either have not experienced success in the traditional high school setting or are looking for a new opportunity to excel while still in high school. Students attend all classes on the Northshore campus, where they are provided with intensive support while earning a Stoneham HS diploma and free college credits that can be applied towards an associate degree or credit certificate program at NSCC, or transferred to a four-year college or university. Gateway to College graduates develop the important skills and habits necessary for success in college and to compete in today's changing job market. If you are between 16-21 years old and have a strong desire to earn your diploma in a nontraditional setting, please see your school counselor for more information.

Green Club

Hello SHS students and staff! This week, the Green Club will be hosting a Green Week to celebrate Earth Day.

- **On Go Green Friday**, teachers will be encouraged to take steps to save energy, paper, etc. during class.

Thank you for participating! If you are interested in joining the Green Club, please sign up for our Flex every other Day 2 in Ms. Adamsky's room!

The Interact Club is asking community members to take the Pop-Tart Pledge and donate boxes of Pop-Tarts that will benefit the Boston Homeless Project. Last year they collected over 600 boxes. Please help them meet their goal. Boxes can be sent to the high school through Amazon or dropped off in the PopTart box in the HS office.

FREE OPPORTUNITY - April 15 application deadline!

This summer at Suffolk, the Sawyer Business School is now offering two exciting new educational opportunities for rising high school juniors and seniors!

Students can experience a college course – and a college campus! – firsthand by joining us this July for one of our three-week summer courses: The Entrepreneurial Mindset or Data Analytics Summer Camp: Storytelling with Data. **Each course is FREE and includes daily lunches, as well as a T pass for students' commute to and from campus and field trips. Best of all, their completion of the course**

will count for three Suffolk credit hours!

Though priority will be given to rising high school seniors, rising juniors will also be considered and are welcome to apply. Please note that students may only apply to one program, and both are non-residential (requires commuting to and from campus).

Becoming Entrepreneurial: Toolkits, Mindset and Thought Processes

Program will be held from July 11 - August 1, 2022

Mondays through Thursdays, 9:00 a.m. - 1:00 p.m.

Fridays, 9:00 a.m. 3:00 p.m.

Through interactive projects and visits with top entrepreneurs around the city, students will have the opportunity to immerse themselves in the world of entrepreneurship. They'll learn how entrepreneurs launch new ventures and create value for existing organizations of all sizes.

Visit the Entrepreneurship course page to learn more, including how to apply:

Data Analytics Summer Camp: Storytelling with Data

Program will be held from July 18 – August 5, 2022

Mondays through Thursdays, 9:00 a.m. - 1:00 p.m.

Friday, August 5, 9:00 a.m. - 3:00 p.m.

Data can help us make sense of our modern world— if you know how to use it. In this course, students will learn how to acquire, prepare, and analyze data like a data analytics professional, so they can “tell a story” with the patterns and trends that emerge and make informed business decisions. Get ready for hands-on learning in class, in teams, and visits with companies in the data analytics space. Basics of Mobile Applications and Cybersecurity tools will also be introduced.

Check out the Data Analytics course page to learn more, including how to apply:

This summer, UMass Amherst is offering a new set of STEM-focused pre-college programs for high school students at the Mt. Ida campus in Newton, MA. Rising 10th-12th graders are invited to dive into a variety of STEM topics while exploring potential college majors and career paths.

Both commuter and residential options are available.

Summer 2022 Programs at the Mt. Ida Campus

Combatting the Climate Crisis with Neighborhood Trees – July 24-30, 2022

Great for students interested in environmental conservation

Building & Construction Technology: CityLab – July 10-30, 2022

Ideal for students interested in architecture, engineering, and sustainability

Veterinary Technology – July 10-23, 2022

Ideal for students interested in animal science or veterinary careers

All programs are taught by UMass faculty and advanced graduate students, and feature project-based learning. For program details (including fees, scholarships, and application instructions):

College Panel for Juniors and their Parents/Guardians

The Guidance Department is hosting a College Panel on Wednesday, April 13 at 6:30 p.m. at the high school. An admissions representative from UMass Lowell will provide an overview of the college admissions process from their perspective, and a panel of current SHS seniors will share their college search and application tips! All juniors and junior parents/guardians are welcome!

Senior Prom

SHS has partnered with K&G for all your prom needs!

Carnival Ball 2022

Carnival Ball performances will be on April 29th and 30th. The theme of Carnival Ball 2022 is “On the Red Carpet.” Classes will perform skits related to Grammy Awards, Tony Awards, Academy Awards, or any other Hollywood related events.

The April 29th show will be held for students only during FLEX block.

The April 30th show will be for students, families, friends, and community members; the show will start promptly at 6:30PM.

Carnival Ball will be structured differently this year. Classes will compete against each other to see who is the champion of Carnival Ball. Skits will be judged by a teacher panel based on: percentage of students involved, creativity, and execution.

In addition to class acts, students can try out to perform (dance, singing, instrumental routines) [and/or] help to introduce acts/performances to the red carpet.

Historically, students involved have “dressed to impress,” students are encouraged to wear “red carpet” attire or whatever they are most comfortable in for it.

We want to ensure inclusivity and positivity; this is about the SHS community.

Communication

We kindly ask that you first utilize these resources to find the information you are seeking before calling the Main Office.
