Golden Years Experiences

Companionship, meaningful activities, and opportunities adapted to your dog's changing needs.

Growing older does not mean dogs have to stop enjoying the activities and experiences they love. Our Senior Dog Concierge service provides individualized companionship and engagement that considers your dog's interests but adjusts to meet their energy level, mobility needs, and comfort.

Senior Dog Companionship Visits

Gentle, individualized time together for senior dogs who enjoy company, familiar activities, or additional attention throughout the day.

Visits May Include

- Quiet companionship, affection, and individualized attention
- Familiar games and favorite low impact activities
- Comfortable outdoor time and potty breaks
- Assistance maintaining established daily routines

Senior Dog Enrichment & Engagement

Thoughtfully adapted activities that encourage curiosity, mental engagement, and natural behaviors without unnecessary physical demands.

Experiences May Include

- Adaptive interactive games and cognitive activities to keep your dog's mind active to try to fight off senior brain fog
- Scent games, food puzzles, and accessible foraging to make sure your dog is having time to enjoy the activities they are naturally drawn to
- Sensory exploration that is suited to their changing abilities and needs
- Activities accommodating reduced vision, hearing, and/or mobility

Senior Dog Sniff & Strolls

Relaxed outdoor experiences that prioritize exploration and enjoyment rather than distance or exercise goals

Outings May Include

- Short neighborhood walks at your dog's pace
- Sniff focused exploration with frequent breaks
- Adjustments for terrain, weather, and mobility
- Comfortable outdoor experiences for dogs with limited walking ability

Senior Care & Everyday Support

An extra set of experienced hands as your dog's needs change

Supporting an aging dog can involve additional appointments, adjustments to routines, and increasing day-to-day responsibilities. Our Everyday Senior Care services help owners manage these practical needs while responding their dog's comfort and established care instructions.

Senior Dog Care & Mobility Support

Our Senior Care & Mobility Concierge services provide **Nonmedical** assistance with everyday activities that may become more challenging as dogs age.

Support May Include

- Assistance with established daily care routines adjusted to dog's age related changes.
- Help using owner provided harnesses, ramps, or mobility aids.
- Assistance with comfortable movement and everyday transitions
- Practical accommodations consistent with veterinary guidance and instruction

Veterinarian approval may be required depending on service request

Senior Vet Visit Support

Experienced assistance to make veterinary and rehabilitation appointments more manageable for both dogs and their owners.

Support May Include

- Transportation to and from appointments
- Help entering vehicles and navigating veterinary facilities.
- Handling assistance during owner accompanied appointments.
- Additional appointment attendance and assistance when appropriately authorized

Senior Care Logistics & Coordination

Organizational and logistics support for households managing different routines, frequent appointments, or multiple caregivers due to changing needs of aging dog.

Assistance May Include

- Coordinating veterinary, grooming, rehabilitation, or other appointments
- Organizing care schedules, supplies, and equipment
- Preparing written routine instructions for caregivers
- Helping arrange practical household accommodations.
