

SL: wspaniała okazja, na którą czekałeś/ The Great opportunity you've been waiting for ...

Sup Jake. You are the next YouTube Gigachad with that SICK polish accent of yours. Love it! FYI, That Accent makes you unique. It's a long way but I've created a strategy to get there.

I watched your video about the ' Perfect Daily routine for maximum teenage productivity'. First of all, I literally find it difficult to type. I'm amazed. For me, as I have been on self-improvement and I am seeing progress now, when I watch your video it is so RELATABLE G. Honestly brother it's so powerful that it's difficult to DESCRIBE.

But what's HORRIFYING is you don't get a lot of subs and funnel conversions according to my assumption.

Firstly, I want to say, In my books, you are qualified as a potential brand that I can help Grow. Simply because I agree with your message and I want other teenagers to hear your message. This is the MOST IMPORTANT. And this is why I badly want to help you.

Thus, I further analysed your digital footprint(Your Instagram posts, Tik toks and your sales funnel) for HOURS to come up with a plan to help you reach the GOLDEN point of million subscribers on YouTube but I'm not going to lie this is not gonna happen in months.

It is POSSIBLE but I believe in honesty and integrity so there is no Guarantee. But it is TOTALLY POSSIBLE over a Long enough Time Frame.

Once you achieve this obviously it would improve your life. Also, this will allow you to monetize that attention through a High ticket online coaching program according to my vision.

But let's not dream and FOCUS on the task at hand.

Which is to become credible that your audience looks up to you when they are tired of their current lifestyle.

My suggestion to you as FREE VALUE.

- You must build an email list and send them emails offering them motivation, guidance, inspiration, etc.

This way you could establish a **STRONG BOND** and connect deeper with your audience. Thus build a **LOYAL FOLLOWING**. Because of the value you provide in your emails.

- Moreover G I think it would be great if you could use your Instagram to spread your message as well. Plus you can use a link tree to arrange all your links including the outfits you promote. This will give your Instagram a more ORGANIZED and PROFESSIONAL outlook.
(We could come up with an Instagram marketing strategy later if you decide to work with me)

This is just the Tip of the Iceberg. I am confident that my other strategies will also positively affect your BRAND and help you get to your GOALS soon.

I have spent YEARS learning about Marketing and I am now READY to help people BOOST THEIR success.

I can truly envision in my mind when I am typing this How you will reach the Top in this niche and how I will help you get there.

Let me know if you BELIEVE THIS too,
