DEM VHF Net Script

Good evening and welcome to the DEM VHF Net.

This is _____ your net control tonight operating on two repeaters as KIL405.

This net is held on the first Tuesday of every month at 1930 hours. The purpose of this net is to check equipment readiness, and practice radio operations using DEM's Land Mobile repeaters.

[Break]

I will first take check-ins on the **OSO** Repeater followed by the **CLEARVIEW** Repeater. I will be asking for check-ins by last name based on prior participation. I will then ask for late or missed.

For those who have identified a best repeater, I will only call you on that repeater. Please **only** respond on that repeater.

[Break

For those of you who normally check in on the Whidbey Island repeater, I will call you on the alternate repeater you have been using until the Whidbey Island repeater is back in service.

For those who have not yet identified a best repeater, I will call you on each repeater until you respond. Please **only** respond on the best performing repeater. Once you check in, I will not call your name again on the other repeaters. Thank you.

[Break]

I will now take check-ins on the **OSO** Repeater starting with:

[Read through existing roster]

Are there any late or missed members with LAST NAME beginning with Alpha – Golf?

Are there any late or missed members with LAST NAME beginning with Hotel – Romeo?

Are there any late or missed members with LAST NAME beginning with Sierra – Zulu?

This is KIL405 – Now switching to the Clearview Repeater

I will now take check-ins on the **CLEARVIEW** Repeater starting with:

[Read through existing roster]

Are there any late or missed members with LAST NAME beginning with Alpha – Golf?

Are there any late or missed members with LAST NAME beginning with Hotel – Romeo?

Are there any late or missed members with LAST NAME beginning with Sierra – Zulu?

I would like to thank everyone for checking in tonight. We will do this again on the first Tuesday of next month.

This is KIL405 closing the net at_____ hours.
