<https://bsky.app/profile/mysteriouspog.bsky.social> This is their new profile.

Read the document as it lists all their evaded internet crimes.

This includes Countless Fake Suicides, accusing a third party of harassing them in order to evade drama, and most likely grooming allegations.

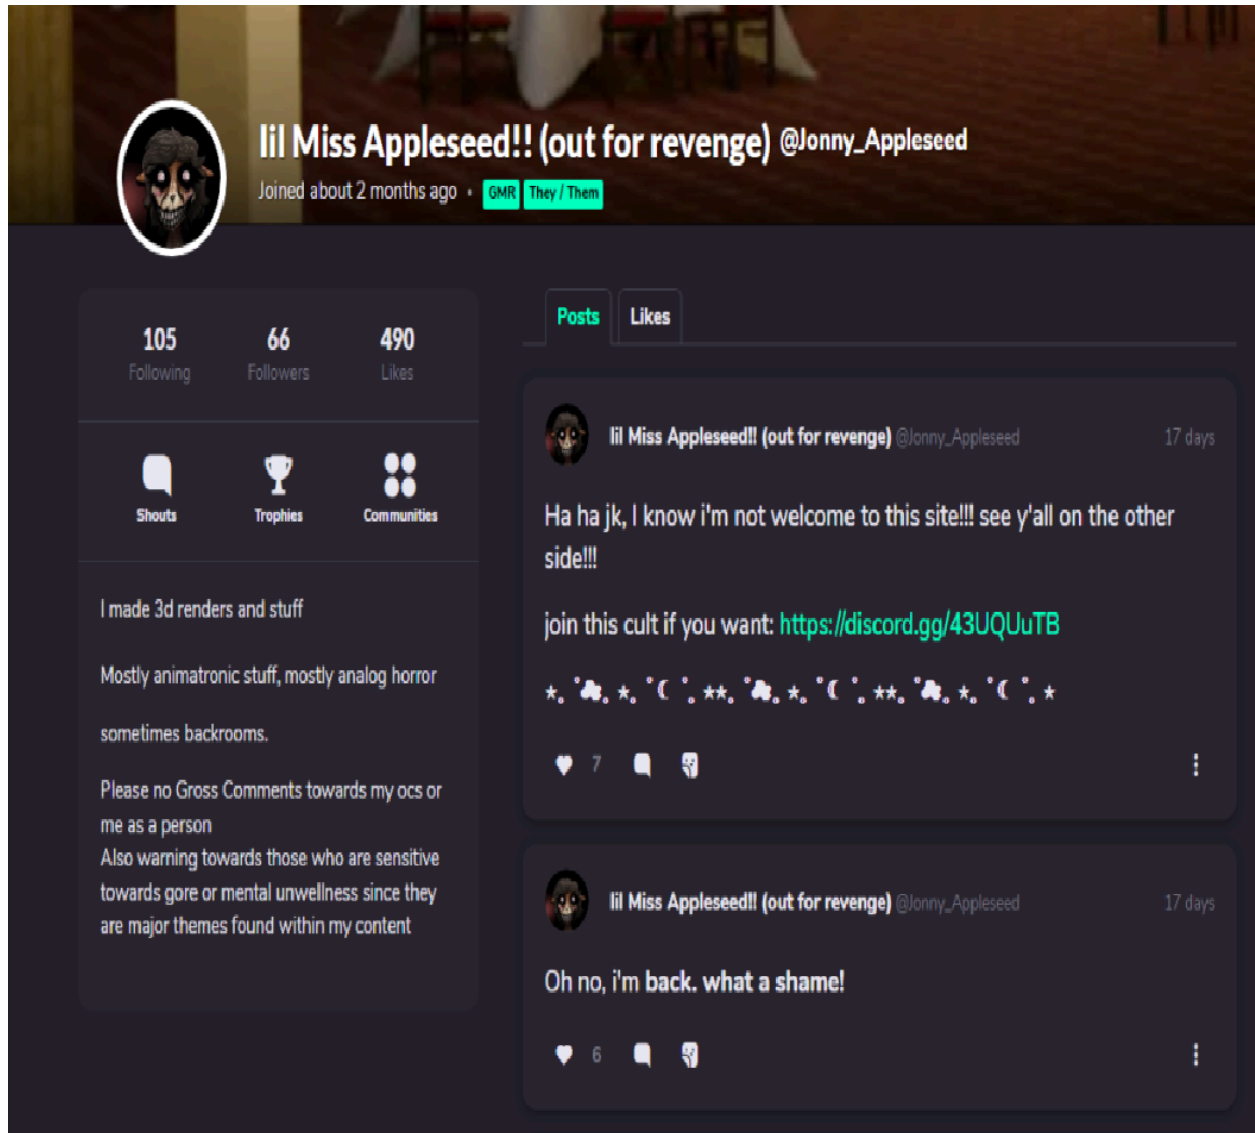

It is recommended to avoid this user to ensure safety upon yourself.

Many people on the internet had been hunting for views/followers for years now, thinking about ways to gain more attention as fast and as effortless as possible. For the most part, it's nothing more than just people trying to get more attention by altering looks of their posts, nothing really bothers anyone, but after a while it can become a lot worse. Today we are going to be talking about MysteriousPoggers12 (JONNYAPPLESEED333), not only a "greedy" youtuber, but a person who would do anything for clout, even put others at risk.

So let's take a look at how MP12 gains attention. First they would need someone to be able to stand by them at all times usually someone who they feel is "better/more popular" than them. If you've been on GameJolt for long enough you probably know someone called LoLbItZ7891_83-INFLATE (Aka RX-AN-ROAR-A16). This guy was one of MP12's bystanders for quite a while now, he shouldn't be blamed for that though. About 4 years ago MP12 gained LolBit's trust and they became "friends". After getting a bystander MP12 would start going into random discord servers and basically being annoying to get yelled at. When done MP12 would tell their audience how they got "harassed" in that server, hardening trust even more. This is where it gets somewhat worse, from time to time MP12 would fake s#icide attempts and even death itself. In the case with LolBit, he got so worried he even called hotlines, leaking all of his private info to his audience, therefore having to quit GameJolt all together (The video of him calling the hotline is still out there and not too hard to find!). Worth mentioning is that GameJolt themselves tried getting rid of MP12, and they knows that perfectly well.

(The rest of this is written by LolBitz. Keep in mind that this is their old name and that they transitioned to being Pikmew with the pronouns She/They. So avoid any confusions)

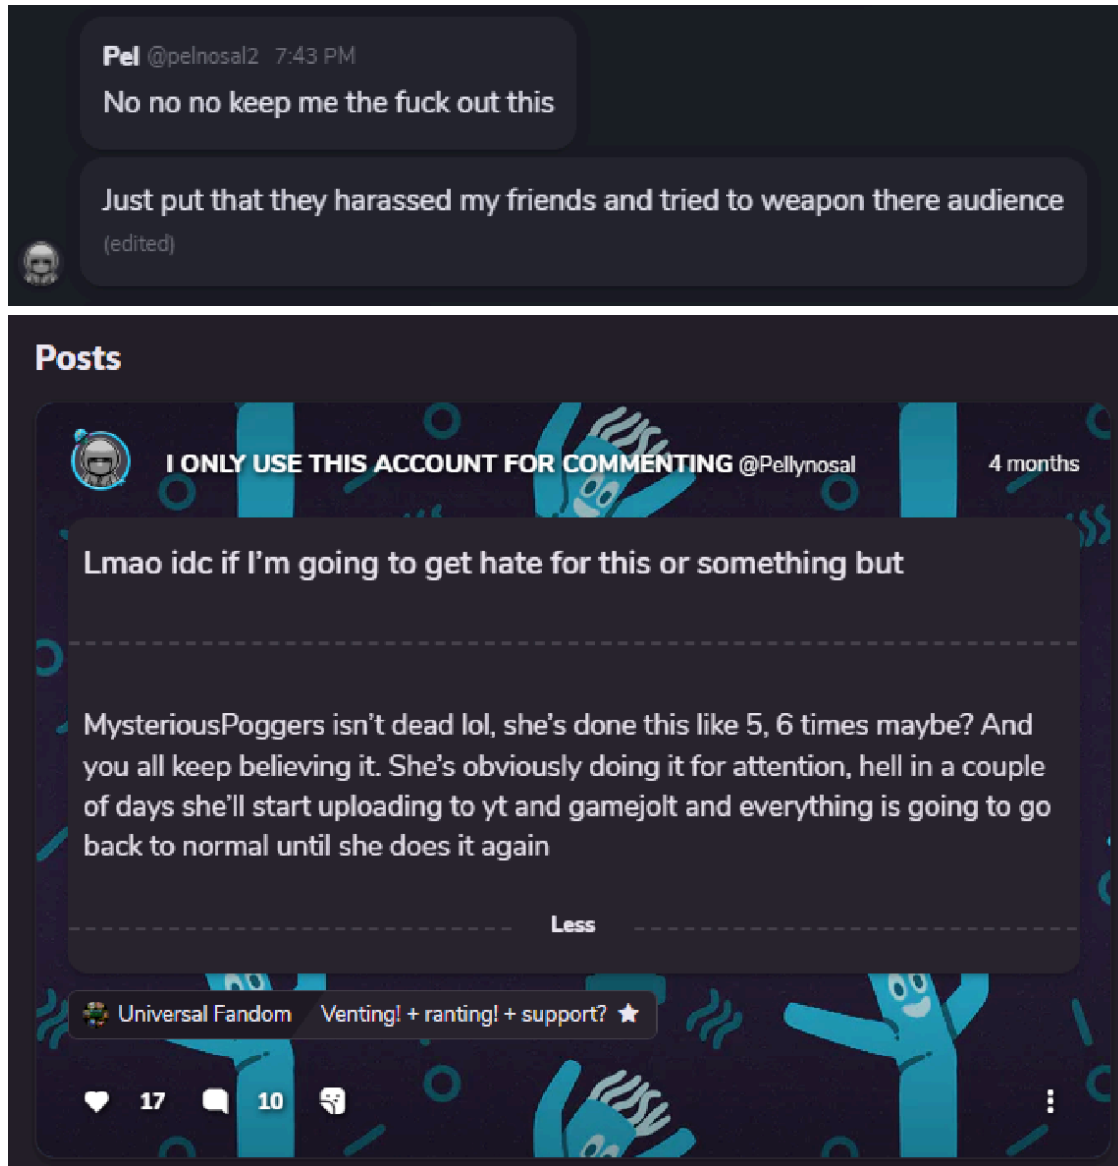

Mysteriouspoggers constantly promises to never return to Gamejolt ever, but oh my god she came back like 5 times already!

It is estimated that she had done more than 50 Fake Suicide Attempts over the span of a 4 year period. And manipulated more than 10 innocent content creators.

I spoke to MysteriousPogger's victims and they told me that they don't want to be involved.

This being Pelsonal2 and their friend. Both of which were targeted and harassed by MysteriousPogger's and her Toxic Fanbase.

(This is his old account where he attempted to call out MysteriousPoggers only to get harassed.)

For those of you curious.

MysteriousPoggers does post *Fake* Suicide Attempt posts, however she always deletes them and goes offline for about a week before coming back unscathed.

Here are 2 of her Fake Goodbye messages that were sent to me.

Friday, 23 August

I'm probably going to end it all

Bye

3:21 am

If this is my last message
, I wish you the best. I want you
to have the best life you ever
could.

4:52 am

This is also a picture she sent me one time.

I'm sorry

5:37 am

It seemed as if she wanted us to believe that she was going to end her life right here or atleast injure herself badly.

But as you can see, this cut is not fatal. Infact its not even bleeding.

When she did a suicide attempt prior to this, she made a post saying "Practising my cuts" or something between those lines.

I did have a picture of this on my old main, but since she got scared of me exposing her. She had gotten me suspended via method of Mass-report of me being quote on quote "Too young to use Discord."

If you are curious, this is my old Discord account (Pikmew_2717)

Showing cuts on her wrist, these cuts are hardly fatal and aren't even bleeding. It was clear that she has no true tendencies of dying. And is just weaponizing goodbye posts to scare her audience into remaining with her.

She did say she visited the hospital numerous times over the span of 4 years, but had never documented any papers implying she actually got admitted to the hospital.

This is because all her suicide attempts are ***FAKE.***

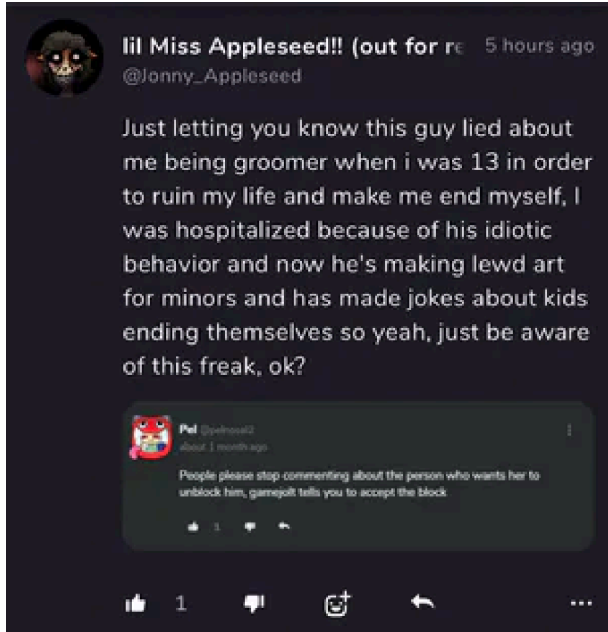

Moving on from her fake Suicide Shenanigans.

Mysteriouspoggers had been accused numerous times of grooming Minors.

But Evaded all accusations.

She had threatened to take her own life over a minor in Gamejolt DMS.

These images had been wiped off the internet, however here is a post of her evading getting caught via a stupid lie.

Why would she change her name from MysteriousPoggers to "JONNYAPPLESEED" if she never did anything according to her?

Why would she have her entire fanbase go after an innocent person?

Going back to her Fake Suicide Attempts.

In Discord DMS and occasionally her own server (which is now removed to avoid drama) and Group Chats that are now inaccessible due to her demolishing the investigation from before by suspending my Main Acc,

She would either Do a Poll or spin a wheel or flip a coin of some sorts to decide upon whether if she lives or dies.

As expected, all of these are rigged. As she has no real intent of dying.

There is a server I used to moderate in until I lost my main due to her shenanigans.

And looking into it's history. (INFACCT THE MESSAGES OF HER PAST ARE STILL THERE.) <https://discord.gg/vivziepop>

(This server link will never expire, and the server is actually listed within Discord's Community Server list.)

[Go to the Search Button on the top right of Discord's User Interface and look up "mysteriouspoggers". Here you can find her history of laundering over this innocent server.]

[She did infact revisit this server once this year. Most likely in either March or August I can't exactly remember.]

[Here is exactly where she returned to the server that she promised she would had left alone for good. Unfortunately older posts were probably done under a deleted account.]

Final victim list:

- Pigmew (Accused of untrue stuff and lost main acc)
- StarTair18 (Harassed)
- Dylan (Gone quiet)
- Pelsonal2 (Harassed and doesn't want to be involved)
- Peripherals (Harassed and doesn't want to be involved)
- Gravity (Harassed)
- Wacky (Was manipulated and doesn't want to be involved)
- Space (Being manipulated)
- Ostawolt (Gone quiet and doesn't want to be involved)
- M8man (However he went quiet and got manipulated prior)

Cheers,
-Pigmew
-StarTair18

2025 Update (By Dolly Maxwell [aka Pikmew])

Earlier in December 2024, and the 4th of January 2025. Ja333 proceeded to order individuals to harass Pikmew. In a desperate attempt to get her to delete this Document you are currently reading.

Despite Pikmew not having contacted Ja333 for the past 5-6 months. Ja333 still ran around telling unsuspecting users of Pikmew tormenting and harassing Ja333.

Things took a turn for the worst when an underage minor who was 13 who is known online as Synxite, took things too far (or was ordered to, depending on how you perceive it.) To make a video regarding Pikmew being a toxic creator. As well as Raid Pikmew's official Discord server where she stored archives of all the expose videos and documents.

The server unfortunately could not get backed up, but Pikmew's fans took matters to themselves and patched the server up.

(Pikmew did not care and proceeded to leave behind the once populated server in favor of a Anti-Pred HQ to stop more internet crimes)

This video eventually had to be taken down due to violations, and received major criticism by Pikmew's fanbase. (Authors Note, if theres an archive of the said video it'll be linked here:)

Ja333 however thought otherwise, demanding Pikmew to remove this document you are currently reading, as well as Pikmew's Predator Expose videos in return for the hate speech video Synxite created to be removed.

These videos infact had nothing to do with Ja333, and Ja333 somehow assumed it revolved around them. Claiming that Pikmew accused Ja333 of being a 19 year old adult male named David.

Ja333 however, is most likely Transgender. As their voice in videos is masculine as opposed to the gender they identify as online. As well as their face.

(FOR THEIR PRIVACY WE WILL NOT LEAK THEIR FACE.)

When the video in question was exposing a different person. You can find the original video here: <https://www.youtube.com/watch?v=NgD6UrQhns4>

The following video of course didn't get taken down as it doesn't even have anything to do with Ja333, this of course did not happen as Synxite saw his errors and deleted the video.

Pikmew eventually decided to make a video where she explains non verbally, what happened to the Discord server. Ja333 did not take this to heart and wanted it removed as well, but we have an archive right here:

<https://youtu.be/zLIa81tpAAU>

Ja333 then deleted whatever posts they made where they bragged about the publishing of the Hate Speech towards Pikmew video, and stated they moved on.

That was not all...

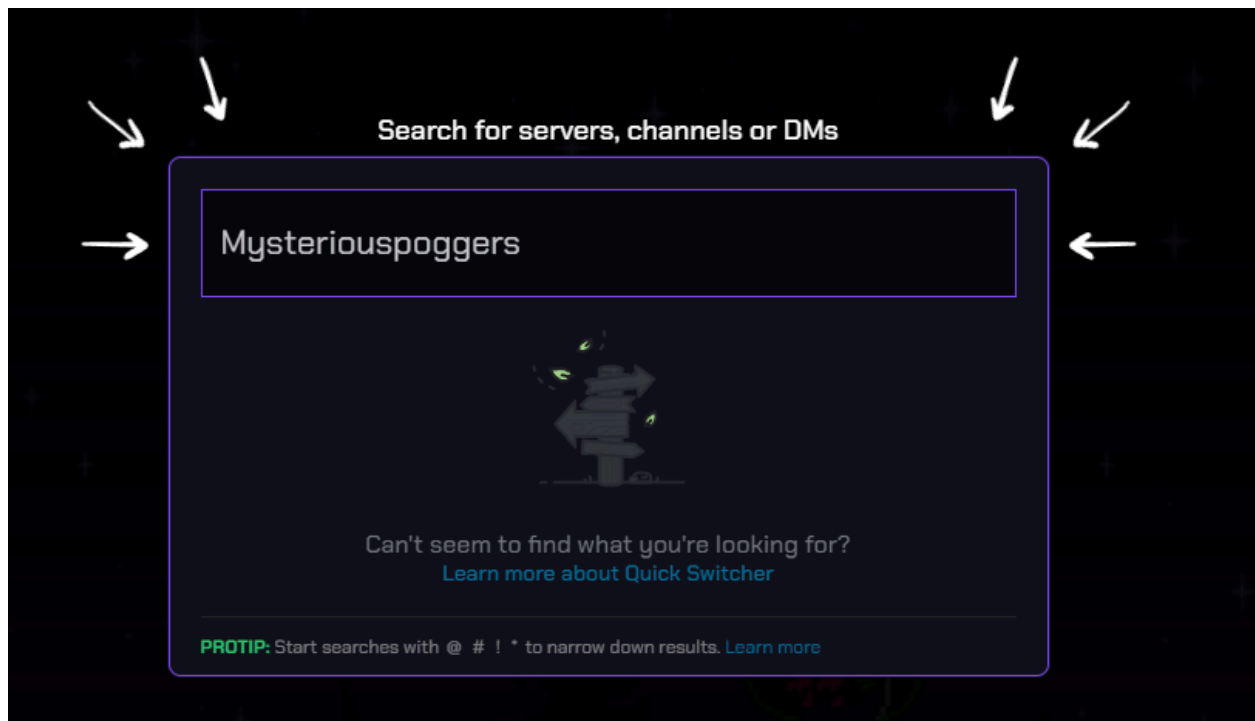

Things got far, far worse.

Ja333 was Dissatisfied with all that happened, and ordered a content creator to leak Pkmew's entire face in a live stream. This live stream had since been removed, and the content creator had a convo with Pkmew and their associates.

This same live streamer had done excessive damage to Pkmew's personal life irl as a result to Ja333's hellish desires.

(ARCHIVE RECORDING WILL BE UPLOADED HERE LATER)

According to the Content Creator also known as M8man, they were lied to by Ja333 under the impression that Pkmew had been continuously harassing Ja333. Which was proven wrong as Pkmew has 0 contact with Ja333 ever since September which was when Pkmew decided to cut ties for their own sanity.

This latter content creator was a former friend of Pkmew within school grounds, hence how the leak happened.

This was the 2nd time Ja333 ordered the content creator to bother Pikmew. The 1st time wasn't online but entirely irl.

This led to the school Pikmew was studying in at the time to turn on them, which resulted in Pikmew dropping out of 10th grade. Because they were verbally bullied and nearly assaulted twice in public transport.

Pikmew is a minor and under the age of consent, and has 0 history of violence towards others.

There was no reason for them to be treated like this as a result of Ja333's attitude.

Back to this live stream.

Not only did Pikmew's entire face get leaked, but many personal info from users Unfunny (now inactive) and Startair were leaked.

Both of which are still overwhelmed.

You may wonder, why Ja333 antagonized Pikmew recently and not the moment Pikmew cut ties.

This is because Pikmew wasn't as well known back then, and was just starting content creation.

Upon Ja333 learning that Pikmew now has a merch business and semi-successful channel. They were afraid the document was going to be posted soon.

This is apparent because Startair stated he himself had been followed by Ja333 on his itch.io page. But due to him not being well known he hadn't been harassed.
