

Welcome  
Fill our empty seats, please  
I do not know yet  
Whether or not you will stay  
But join us either way

Welcome  
Fill the quiet air, please  
You have come for poetry  
And we will forever provide  
So read aloud as you wish it

Welcome  
Fill the room with joy, please  
This is the place we go to be safe and loud  
So join us in this beautiful  
Chaotic hour and half

Welcome  
Fill your hearts with words, please  
For that is what Soliloquy is for  
Though it is not required  
Only encouraged

Welcome  
One and all  
I hope you have some fun
