

Privacy Policy

Last updated: Sep 2025

ABC Kids Puzzle is a simple, offline learning app made for toddlers to practice the alphabet. We designed the app so it does not collect any data.

No Data Collected

We do not collect, store, track, or share any personal information or usage analytics.

- No account or login
- No analytics or tracking SDKs
- No ads and no third-party sharing
- No access to location, contacts, photos, or microphone

On-Device Only

All gameplay and progress remain on your device. Nothing is transmitted to any server.

Children's Privacy

Content is child-appropriate and safe. If you have questions, please contact us.
