

Sister, thank you for your interest in Lilith's Forbidden Path, the WebCoven for rebel wytches; everything you need to know is in this document.

The promise of the WebCoven is simple: it's a thorough and experiential education in radically effective magick and esoterism, and a community of wytches to support you. This is woman centred spiritual practice.

I have been walking this path for a lifetime and witnessed so much bullshit along the way. What's being taught as magick (or the more acceptable term 'manifestation') is often a sugar coated and diminished version of the real thing.

The real thing, our ancient knowledge, was stolen from us. It was taken and then re-presented in a way that hides its true power.

And, oh... it's so much more than manifestation.

The 'witch wound' is too gentle a term for the thousands of years of harm done to us. Spiritually gifted women have risked torture and death if they were believed to have been powerful in any way.

Many of us still risk ridicule, dismissal, and more, if we speak out. As a result, we find ourselves, our knowledge, and our power, marginalised.

You may have tried to learn the deeper stuff. But without the right instruction, and support from a wyrd and like-minded sisterhood, you've probably been left feeling disillusioned, maybe even distrustful... but still with a hunger to experience verifiable magick in your daily life.

You deserve better.

In the WebCoven weekly live gatherings, I share the secret ancient knowledge that has been suppressed and trampled by patriarchy, and I return it to its rightful owners.

If you have come to the conclusion that magick doesn't work for you, it could be because you haven't yet experienced a way to work that is shockingly effective and easily accessible.

Let me tell you how I can help:

The WebCoven is a comprehensive magickal education *and* a wildly supportive community. New initiates are accepted eight times per year (after Wheel of the Year celebrations).

This is a deep and wild journey; be prepared for transformation.

I teach magick in a way that is simple, do-able, and jaw-droppingly, mind-fuckingly, expansively and hilariously effective. *And, if you have an analytical mind (like me),* you'll love learning about what magick really is, and the science behind it.

You're about to have your mind, imagination and consciousness explode in the best possible ways... and in community with other wild wyches on the same adventure.

Let's cast a magick spell

Step 1 on Lilith's Forbidden Path. **Immediately when you join**, you get instant access to The Magickal Library – With bonus tools, videos, writings, and rituals.

You will also get to meet the WebCoven wyches in our private Facebook messenger group.

All of this will keep you very busy learning some powerful magick until it's time for your invitation to join the your first WebCoven gathering.

As soon as the doors re-open you'll be invited in. Once inside, you'll join our WebCoven to experience magick and esoterism in real time, and in all its wondrous glory.

The rebel wyches develop strong and deep friendships through the ongoing weekly connection. It's where I share the fruits of my *obsession* by bringing you massive empowerment and magickal knowledge with zero bullshit, religion, or superstition.

The WebCoven of Lilith's Forbidden Path is dedicated to the serious job of esoteric education, *and* it's a fun, healing and safely-held space in which to rediscover your innate wisdom.

Here's a taste of the things we get up to:

- magick and ritual with the Wheel of the Year
- moon enchantment
- talisman-making
- sex magick

- transcendental journeying
- cosmic consciousness
- past life exploration
- astral travel and shape shifting
- dream weaving
- shadow work

Your next step is to [sign up and blow your mind](#) with your own magickal powers.

Who am I to teach this anyway?

For over 30 years I've supported people on their journey into magick. I'm a body-mind psychotherapist working at the intersection of neuroscience, philosophy, and mysticism, and I subvert patriarchy at every opportunity. I took my name in honour of Lilith. I'm the perfect geek and heretic wyth to guide you on this practical and profound path.

Requirements

- You're serious about exploring your own power and taking an experiential approach to learning magick.
- You're supportive in community
- You're willing to feel uncomfortable and take action anyway.

Lilith's Forbidden Path is feminist magick for women. *You're going to love it.*

Let's go! [Please message me](#) with any questions you may have.

I look forward to sharing your journey.

With love and Magick,

Lilith
