# Chapter One

## The Factory

We start our story by an old rundown factory that our main character Mr. Boxer's father had once worked at. So one day while returning from work Mr. Boxer was passing by Sycamore Street on his way home in his old crimson truck, he saw across the front main window of the factory a sign that said "For Sale \$5" Mr. Boxer said to himself. "That just won't do!" Because he had been planning to buy the lot to start a underwear company called Mr. Boxer's Boxers for a while. So after a long and grueling buying process he got the building sold to him for only 4 bucks. After three long weeks of cleaning up the place it was due for a grand tour.

Mr. Boxer invited all of his family and friends... and investors to come on the tour, including his father who when alerted said "What my son!" After hearing the news, well he rushed straight over there and when he got there he said "Well let's start the tour already" they did but little did they know but somehow an unnoticed evil doer snuck into the crowd and not one person noticed him.

in the middle of the tour while they were touring the acid vats that cleaned the underwear to prepare them to sell. Well this mischievous character had an idea. what if he pushed Mr. Boxer into the acid. Because if you haven't figured it out this person hated Mr. Boxer, why well you'll just have to keep reading. Now back to our story.

So this mischievous person pushed Mr. Boxer into the acid but right at that moment Mr. Boxer's favorite Aunt Aunt Sally saw Mr. Boxer fall (but she didn't see who did it) so she immediately called 822 ( which is their 911). But while we wait for the ambulance to arrive you might be wondering what happened to that person that pushed Mr. Boxer into the vat. So remember earlier how I told you this place was rundown, well even after Mr. Boxer cleaned the place there were still holes so that is how our pusher slipped out. But when he ran away this kid

saw him and he just said "cool it's batman" and our evil character yelled " no i'm @\$&\$& !@#\$%^)(\*&\$%\$" well we can't tell you what his real name was.

But then the evil baby Super Smart Salvin was grouching around when he didn't look where he was going and tripped over Mr. Boxer! "Hey you, I recognize you, you're Mr. Boxer !"
