Please list specific ways the parents and students can best help you this year (weekly story times, organizing the classroom, grading, making copies, etc.): Have narrations turned in on time; Help grade weekly Bible tests; beautify the classroom with a favorite classical piece of art of your choice (framed poster print); volunteer to help prepare for the class play in the spring; be willing to share any trips/personal connections to the middle east in geography

Speaking specifically to gifts (birthday, Christmas, classroom needs, or end-of-year) what would most bless you? (Cash, gift cards to specific stores or restaurants/coffee shops, tickets/passes, salons, memberships/subscriptions, etc.):

The [Agape Christi embroidered logo canvas tote bag](#) from the Thread Art website (Spirit Wear Store);

Spotify Premium membership;

Ellie Halcomb music;

Northstar Tavern (Bloomington) & Hazelwood restaurant gift cards;

Cloud 9 car wash/detail gift card;

Smaller teacher gifts: I ❤️ PaperMate SharpWriter mechanical pencils, pretty notepads, stationary, and checklists.

Pretty water bottle (insulated stainless steel) without a straw

Pretty insulated mug for taking tea to school

Other helpful info (allergies, aversions, etc.): no allergies, but I'm not a huge fan of chocolate (exceptions can be made for dark chocolate).

What would you love to see in the staff workroom in addition to coffee and paper products? Healthier treats beyond boxed donuts, fresh flowers during winter, creamer in the fridge is always a blessing.

How can we pray for you, your family, or your class this year? For wisdom and grace as I seek to joyfully fulfill the roles God has gifted me as a wife, mom, and teacher.

For wisdom.

For depth of personal growth in God's word.

For ability to prioritize and focus well.

For sensitivity to the particular needs of individuals God has called me to serve.
