## INTERESTS

Optional section. List 2 to 3 interests if you have the space, ideally relevant or interesting.

# Lambda Llama

professionagmailaddress@gmail..com | San Francisco, CA
github.com/lambdastudent | linkedin.com/in/lambdastudent | lambdaschoolstudent.com

## TECHNICAL SKILLS

React | JavaScript | HTML | CSS | MongoDB | Node | Express | Python | PostgreSQL | C

## PROJECTS

**MovieApp:** React | Express | Node | Postgres                                  GitHub
*Description........*
- Implemented an authentication flow that allowed users to login using a third party
- Integrated search functionality so users have the ability to search a movie library and leave reviews
- Designed and implemented landing page hero element so that users had a clear call-to-action to search for movies to read reviews on

**NoteTaking App**: React  | Express  | Node | MongoDB                            GitHub
*Description........*
- Implemented React state management and NoSQL/Express API to create/edit/delete notes
- _____
- _____

## EXPERIENCE

**Company Name**| *Location*                                        Month Year - Month Year
*Position Title*
- [Accomplished X as measured by Y by doing Z]
- [Accomplished X as measured by Y by doing Z]

**Company Name**| *Location*                                        Month Year - Month Year
*Position Title*
- [Accomplished X as measured by Y by doing Z]
- [Accomplished X as measured by Y by doing Z]

## ADDITIONAL EXPERIENCE

**Meetup Coordinator |** Austin ReactDevs | *Remote*                       June 2020-Present

## EDUCATION

**Lambda School** | Full Stack Web Development & Computer Science | *Remote*     Month Year - Month Year
- _____
- _____

**Prior University** | Program | Location                              Month Year - Month Year
- 60 credits in Computer Science; transferred to Lambda School

# LAMBDA LLAMA

Data Scientist *(Title of position you want)*

City, ST | Phone | Email
LinkedIn | GitHub | Portfolio

## SUMMARY OF QUALIFICATIONS *(optional...must be tailored)*

- Should include 3-5 bullet points that summarize your top selling points for this particular position
- Can also include some information on what brought you into the field if you have a nontraditional background (this could also be covered in the cover letter)
- _____

## SKILLS

*List your skills here*

## PROJECTS

**Project Title** *(link to deployed version)* | **GitHub** *(link to repo)*
*Description:*
- Accomplished [X] as measured by [Y] by doing [Z]
- Accomplished [X] as measured by [Y] by doing [Z]
- Accomplished [X] as measured by [Y] by doing [Z]
- Stack/Tech/Utilized: _____
