(00:00) this is the real Toto hello there Pastor Sean Von but why do they call you Professor Toto it's so simple because Toto is not Toto is a mindset uhhuh there was a bunch of lies and The Wizard of O yes and the big voice on the screen was saying I'm president no not really but he was saying I'm big bad Wizard of Oz and believe what you see on this big screen CNN whatever believe us and Toto wasn't focused on the distraction uhuh he looked over at the curtain and he saw smoke he saw something some footsteps moving behind that curtain so he runs

(00:48) over there and jerks that curtain back and there was the truth a little old feeble man trying to project himself as president if you will there we and there you go we have that today don't we that's right so that's where Toto we we it just became my moniker because all the people that are part of our movement they're all Toto anybody that loves truth is a Toto you know we're just all pulling back the curtain we a Toto I'm just Professor Toto you're Professor but you might be preacher Toto you might be teacher Toto

(01:19) everybody's Toto if you love truth and you don't let the curtains hide the truth from you that's a that's I mean that's so important so important that you will know the truth truth will set you free yes it will and that's what we have decided to do on this station we will tell the truth little Toto here I love princess Toto princess there we go there we go princess Toto we got Queen Toto yeah she likes that too h i do they all call her the queen how did you know just got that from the spirit they always call me queen Dorothy

(01:58) there you go so now you're Queen Toto tell the truth so we've been Toto and we have Toto Sher we have Prophet Toto all right and U I just want to say this you did a great job of faith and freedom rally Pastor oh well thank you so much I can't take all the credit for that because Jeremy and uh the curls family and all of them take a little bit of credit you but they did a really good job out there setting that all up they did and uh wonderful job and I was just glad to be part of it you know we were able to broadcast and everything and we

(02:30) had a great time and I know you were there you did a great job there you lead off lead off batter and everything the crowd was beautiful it was a beautiful Daya yes good and you know we made the Aken newspaper too we did yeah made the Ain newspaper the bottom po of the front page yeah they really are well I thought it was funny when the president showed up I know well but the funniest thing about him he was the former president he was George Bush he was George Bush I met him on January the 6th he was there I

(03:01) was there and so he was in the crowd and I didn't know who he was he had been watching my show he knew me so he was walking up to shake my hand and I I just knew I had arrived that President Bush knew who I was was he playing the bush part there oh yes yes he was I yeah I saw him my nrb National Religious broadcasters and he was Bush and he looked like bush like oh just like him he's phenomenal but uh he now plays um Trump and he doesn't look like Trump but he has the actions and it's so funny it's hard to look like Trump yeah but I laughed and

(03:40) laughed I think a lot of people I heard the laughing and laughing and I thought what is going on well impersonator was in there yeah yeah he's wonderful he was great well uh uh

Pastor schaefer tell me what you thought came out of that faith and freedom rally well I think what happens is that it brings to it brings two things together to me it brings faith and it brings a a type of political environment where people need to come together and take their what they believe and put it into action within our country and I think it stir a

(04:16) lot of people in this area uh because we had a lot of different people who came in different walks of life were there and uh they come together and find out how can they get involved in their local um in their local elections uh and things like there school boards and all of these type things but we had a great great turnout well that picture that you just saw that was like early in the morning just after you spoke that was um and so by the evening that place was so packed you could find a chair it was wonderful yeah it was a good turnout

(04:51) that we had there uh and everything and but I like how it encourages people how to get involved it talked about how the mandates in our country are are illegitimate are and how that we can push back uh even things on their school board anything I mean you can get involved and that's what I want to encourage people to do is get involved take their faith and put it into action and start helping govern our country yes now Professor Toto you you said it's unconstitutional I mean he did right by not conceding that's correct so talk to

(05:25) me why isn't he in office it's very simple because every Jesus needs a Judas uhhuh and he had one too he had one and so I'll explain it like this Mike pinch the night before the election we found out what happened we I I have met a person that was in the room with Mike Pence and Mike Pence Chief of Staff many people don't know Mike Pence chief of staff used to be the financial uh Guru for the coch brothers I don't know if you know the coch brothers all the coch brothers own the Republican Party they're the most

(06:03) wealthy donors in the Republican Party The coch Brothers Mike Pence chief of staff was their a comp troller their financial comp troller for many years so Mike Pence tells Donald Trump the day before we are going to suspend the senate for seven days now I had heard rumors of this a week before the election that Mike Pence was going to do the right thing but he was not going to stand up and do what he had the power to do which was not to accept the electors he was going to suspend the Senate as president of the Senate he had the power

(06:41) to do that that would have given the state seven days to send in their new slate of electors all right that's what he told Donald Trump this is the reason people don't understand January the 6 Donald Trump was not even scheduled to speak on J January the 6 wow I flew into Washington DC that night the night before at 11:00 Toto's Army those that watch us every night on YouTube were going to meet me at the monument at 10:00 the next morning and we were all marching to the rally together that was the plans because nobody had any idea Donald Trump

(07:21) was speaking so this lie that he called us all to Washington DC was a lie from the pits of hell yes he never called us to he did tell us there would be a rally and to come but he never called us to him he never we didn't know he was going to be there the Republican women is who hosted that party so that night we get there and let me tell you what's happening parallel to that this is the last word that Donald Trump got from Mike Pence we're suspending the Senate at 3:00 that evening the person that I know was sitting in the office with Mike

(07:58) Pence when and he got a phone call from the chief of staff the chief of staff comes into the room tells Mike Pence you have a phone call from Mr Coke this man walks out Mike Pence walks out with Mr uh with the chief of staff when he comes back in from talking to the coke

brother the money that's that's already told Mike Pence they'll make him the next president this is the Rhino money this is the Rhino money the coke money okay just like Soros is the Democrat money kooch is the Rhino money wow and so Mike Pence walks back in and (08:36) he calls president Trump and tells him at the last minute 11:00 at night that he has decided not to cancel the Senate this is why Donald Trump shows up the next morning at the rally and says he's got to do the right thing absolutely he's trying to convince Trump I mean Pence publicly with all of us backing him we're watching do what's right but the point I'm making is we didn't know he was speaking till 11:00 that night our phone start blowing up don't meet in the morning at 10:00 Donald Trump's going to speak that was the first (09:12) anybody had heard Donald Trump was speaking this was not his event he didn't stage this this was not his deal he wasn't even going to be a speaker and so long story short Michael Pence got a letter from his attorney I did a show on this from his attorney that said m Pence you have the power to do exactly what Toto said you should do you've got that power I said mons before anybody had ever heard of it the power of Pence was the name of our show and sure enough a constitutional expert wrote him a letter his attorney and said you do have this (09:46) power I've got the letter I've got it I show it on my show where he told him that when he chickened out when he betrayed Donald Trump setting setting Trump up for we'll talk about that if we're running out of time in the segment but let's come back to that because this was part of God's plan wow wow just wait I can't we sing that song fast sing no I'm kidding I'm kidding sing baby sing yeah Jonathan and um his dear wife they are wonderful are singing healer [Applause] [Music] You Hold My Moment God you C all of my (10:54) ringes you walk with me through the fire and heal all might is I like this part god I trust I trust in you I trust I trust in you I be You're My Healer and I believe you are all say Jesus I believe and I believe you're my portion I (12:01) believe you're more than enough for me oh yes you are Jesus you're all I You Hold My Moment you've come all of my you walk with me through the fire he oh might God I trust I trust in you I trust I trust TR in you I (13:07) Believe You're My Healer and I believe you are all I Jesus I believe and I believe you're my for and I believe you're more than for me oh yes you are Jesus you're all I we going through the Midnight Hour say Jesus you're all I need when you don't know what words to Jesus you're all I you hold (14:24) my you've come all of my r [Music] M steel and that's their CD they have it chasing after you if you'd like to get it we'll let you know how you can get copy of it yes um okay yes I want to get right where you left off Hallelujah because this is getting exciting a lot of people don't really know what really happened they don't and we all feel Mike Pence was a traitor he was and uh at first one I heard I said no it can't be but it was it was and I believe it was by Divine Design huh and I'm going to explain that to you here's what I've (15:28) come to understand about Patriots most of us love God and most of us believe in God but there's something I don't know if we truly believe and that God is in control yes the reason I say I don't know if we believe that because the minute something happens that our minds didn't plan for all of a sudden the thought that God's ways are not our ways and his thoughts are not our thoughts that sort of escapes Us in the moment we feel so let down so discouraged but right after this happened a holy spirit spoke to me and

(16:05) said to me did you really want that and I'm and I'm waiting to hear more January the 6 when Mike pinch betrayed America when he betrayed Donald Trump publicly before the whole world did when he hung himself if you will when he done that let's just rewind let's just rewind everything and let's say it had gone how we had all hoped it would have gone and the next day January the 7th Donald Trump walks back into his rightful position his rightful office however he would do so with Pelosi and Schumer in control of both

(16:50) houses Not only would it been in he would have been impeached before they opened for business hours the next morning the emotion were so high there's a court case called Mullin it comes from the 1800s in the court case of Mullin he filed a lawsuit against the United States government before The Supreme Court he lost that lawsuit three years later he went back before the exact same court and won that lawsuit because according to the judge The Temper of the times had subsided wow The Temper of the times is the reason that we could not stand back

(17:32) and see that when Donald Trump would have gone back into office like you wanted I wanted everybody wanted he would have been walking into a death trap and let me tell you what would have happened he would have been impeached to never be able to run for president ever again and your new president would be Judas himself wow y because Mike made a deal with the devil her name is Nancy PGI yeah he made a deal with her I'll give you January the 6th you give me the impeachment the next day yeah and when did they file impeachment the next day

(18:10) the next day here's what you have to understand about this whole deal when God has an eagle that needs to fly its greatest flight he has to take that eagle into a process called molting it's where the beak begins to fall off the feathers begin to come off the eagle and the eagle goes in to hiding hiding for its greatest flight is still to come amen now Judas betrayed Donald Trump but the I want to and I parallel this with Christ I compare them in no way but the parallel is symbolic and I want you to follow this carefully

(18:53) the word of God says that if the princes of this world would have known if they would have had one clue yeah what their betrayal would do for the world yeah they would never have crucified Christ Donald Trump awakened a harvest of Patriots that without his betrayal would be asleep today yeah now instead of one voice of Donald Trump we have all become the voice of trump not the man the message the message the message of make America great again we're now you had one man saying Build That Wall now you've got a patriot Army

(19:40) saying Build That Wall without the Betrayal of Donald Trump you and I would have gone right back to sleep we would have went right back into our La La Land like you said I voted I was a good girl we would become those good citizens again but not those awakened citizens it took a betrayal of Christ to plant Christ in the ground the word of God says unless a seed dies yeah and falls in the ground it will have no Harvest Donald Trump was the seed that God planted in America that seed had to die and go into molting that eagle had to be

(20:19) hidden over at maralago now let me pick up right there I did a show on my YouTube channel I do one every night called The Mystery of maralago that's a southern White House people don't realize the lady that built it Miss postam the one that's over the postam brand it's in her will I've got showed her will on my show it's in her will that this be the residence of the true American president now this is what's interesting maralago was donated to the State of Florida they rejected it because they couldn't afford to keep the

(20:54) land up it was then donated to the White House the white White House rejected it it was too expensive it was a colossal Financial nightmare to run maral Lago so then they tried to sell it 12 times there's my number that I love they tried to sell it 12 times to individual buyers every deal fell through the only person in history that could take maral Lago as it was written in the wheel was the legitimate American president and that man is in hiding in marago in the southern white house so we have the northern White House we have the

(21:32) southern White House something drove him there when that seed went in the ground with Jesus Christ when he died from that death Rose the voices of a million men preaching his gospel his message was Build That Wall against the gates of hell and now Donald Trump came for and Donald Trump came forth and said Build That Wall and when he did it we something resonated in our spirit his death called us from our death and now you watch this carefully now Donald Trump has been put into Mar Lago with a chance now that he wouldn't have had if (22:14) he would have won the presidency yeah to go back into the white he would have been impeached mark my words everybody hated Donald Trump on January the 7th even the so-called Trump supporters in the white in the Congress Graham flipped on him for a day or two every everybody would have signed off on that impeachment well not just a day or two well exactly right but well he tries to flip back now he's a little flippy all the way around yeah yeah well you know he wants to get in good graces again but that's not going to happen exactly right (22:42) well see and how would we have known see yeah there was an unveiling how would we have known who our enemies in America was without Donald Trump's fall but listen to this when that eagle goes into hiding about 3 years after he goes into molting he gets better Wings than he ever had he gets a beat stronger than he it takes about three years for that to go yes ma'am well more years well I I'm telling you what the eagle does let God do what he wants to do okay but I want to show you something the reason this social truth app came out in coming out (23:17) in February there's a reason for that people don't understand this man's had a strategy since they D destroyed him now in February right before the midterms he gets a voice directly to a 100 million Patriots that he would uncensored un that's right with his place with his thing truth social that's his new app what is it called Truth social everybody needs to go there right now and they download the uh the beta it's called that's trumps and the stock y'all the Liberals are going insane the stock it started off at \$4 I bought a

(23:53) bunch of them three weeks three days ago I bought a ton of them they started off at \$4 today they're at \$400 and they shut the but they shut it down yeah yeah they did but they'll come back trust that but um no actually no they they only shut it down it was it's back up is it back it's back up yeah but they did it temporarily because they had a software thing but but anyway so he's preparing and now watch this why do you think he's endorsing candidates cuz he's getting ready to Run's put them in place but who's

(24:23) helping him with that cuz some of them that he did yeah I know I know but you know people here's one thing people don't know about Donald Trump and this is really I try to tell everybody I try to tell everybody the man is a man he is not God yeah he's got some he's not omniscient he is not omnipotent some of those advisers have go but what did the Bible say even King David had bad advisors you are your advisor so we need to all pray that's what I've been praying God those that God sends him Godly advisors because at the end of the

(24:53) day it's just like with the vaccine the man ain't a doctor Donald Trump is not he is God's King Cyrus and King Cyrus had his faults he didn't know everything Donald Trump he knows

strategy and that's his game and that's what he does but he's made everything else God's got to send him wise counselors he does and that's what we're believing for my husband believe he's going to come back as a j and kick out um I believe 100% kick out um yeah well but you had to know who you got to know who to kick out don't you yeah and it took this person

(25:25) that's going to get kicked out is FY well no oh I think F already there was a bombshell news report two days ago about FY and gain a function I about they found out he lied to the Congress about he said he didn't Finance gain a function at PA is going after him big time and this one the truth came out two days ago well it's hard to get things through when we have rhinos still in the Senate and in the h i mean in the Congress and they're going to stay there until we put them out yeah I know that Lindsey Graham was on his shirt Tails

(26:02) until oh absolutely the sixth and when on the sixth when he did what he did on oh absolutely they sold let me tell you I I did a show on my YouTube channel two nights ago and it I titled it one man again at war with two parties right yeah you've got one man at war with Republicans and Democrats this has never been seen before he's one man at war with both parties and yet God still put him in the White House even though both parties hate him because he cannot be controlled yep y praise God for a man that'll listen to God you know what I

(26:39) like about Trump because he said Jesus is my Lord and Savior absolutely check out bu what' he say let's kill babies and I have to say this cuz in my spirit I feel there's people at home that are taking and messing this all up and you're getting messed up in the spirit he's not saying he's Jesus by no means he is a man that of God he is strictly just a man but he is a tool being used of God he's a parall just doing a parallel in my spirit I feel there's somebody at home that is just losing their mind over that

(27:10) you got to understand this is a parallel he's not putting him in the same place and well it's an example we can all use how many of us have been betrayed by Judas right how many of us have been put in the ground to die and we came back with a glorious Resurrection so it's a parallel exactly absolutely God uh I do want to this up before we go to music Toto Army of patriots.

(27:34) com you can listen to them every night at 8:00 8 central 8 8 central remember that 7 o' our time so 7 to 8 no it's 9:00 Eastern your time yeah 9:00 our time here yeah I'm 8 central right so be 9 here yeah 8 central right and they can go to totto Army of patriots.com and at the top it'll say YouTube and then click there and it takes them to our Channel okay YouTube hasn't taken you down yet they I have out I have outsmarted them okay for a year they take us down we're one more strike and I me I'm on Rumble and Telegram and everywhere else that's all

(28:12) on the website but well I've got two strikes but I what I do I become a good boy after I get my second strike until it falls off and then I go back to being bad all right Nashville singing War we're at War come on right where you're at you might be sitting at your coffee table but come on move it out of the way and put your hands [Music] together how many knows that we Award right now come on put your hands there [Music] I got joy in my soul but God is in control I got Satan on my trail but I'm singing all this well he's attacking

(29:18) every day but I'm watching as I pray no matter the attack i w everybody say this say this means this [Music] means sing it again I got joy in my soul God is in control I got Satan on my trail but I'm singing all this well he's attacking every day but I'm watching as I pray no matter beack I won't turn back [Music] everybody This Means War say this means come on did you know that you in a war right now this War I like this part I I The Blood come

(30:25) on that's it just get in the spirit and say I I ple the blood I ple I ple the blood oh say I I ple the blood I the storm and the rain blood still stays the same it'sing on my and I'm singing all well he's attacking every day but I'm watching as I pray no matter the attack I want back everybody say this means this means this means this means yes this means now help me say that right now say I I the blood I ple the blood of the Lamb I ple I plead the blood I plead I plead the (31:31) blood I ple I plead the blood help me say it again I got joy in my soul God is in control I got sat on my tri but I'm singing on his well he's talking every day but I'm watching as I pray no matter the attack I won't turn back say this I the [Music] I ple I ple The Blood come on plead the blood right now I ple I ple the blood the blood of the Lamb I ple I plead the [Music] blood come on right where you're at won't you just take a moment and plead the blood of the Lamb over your life over this country over everything that

(32:22) you're going through come on because there's victory in the blood there's victory in the name of Jesus come on can I get a witness [Music] today because this me war this means oh yes it does this means come on now right where you at just take a moment and just do it a little Holy Ghost Dance right where you're at it's okay it's okay to just get up and do a little J for the Lord I I the blood I ple I ple the blood I ple I ple the blood I plead I plead the blood this this means [Music]

(33:48) oh are you feeling it right yeah say I'm on my way because I got my War clothes on oh [Music] [Applause] yeah I the blood I feed I feed the blood you can't have my family you can't have my increase you can have my breakthrough yeah this me oo this means more this means [Music] more Chas but that messes me up because

(34:57) she's blondee on the cover I know huh that just really mess I said wait a second yeah that's the same face just different color hair that's what us girls do you know we can just have fun as men we're stuck with the way we look we're just stuck you're stuck yeah I know stuck like Chuck like Chuck all right so talk about uh Taps America what's that it's pastor schaer and I so the lord gave me a vision a year ago and I didn't tell nobody about it sometimes you got to keep your mouth shut you know cuz people try to mess things up before

(35:33) you can get them off the ground so I was noticing a pattern I was noticing that we don't have many true patriot candidates and there's a reason for that not because we don't have the best candidates we do but they did not have the funds they needed to run to buy TV time to buy Facebook time to buy ads where they needed them and so I was like how can we help them what can we do then I noticed another group of people which is the podcasters and they're the last Bastion of Truth really left in America you're not going to find it on CNN Fox anywhere

(36:09) now you don't find truth and so they were the last tuck huh except for Tucker that's right Tucker's still good Tucker's good and I have a few I like but Tucker's my main one yeah so we wanted to help him we wanted to help the podcasters keep them on the air and we wanted to mainly help candidates but then I thought where could we be most effective in America the White House state house or the schoolhouse and so we thought you know what there's a lot of people watching even right now they may never run for governor they may never run for mayor

(36:48) but they might want to change their school board yeah maybe they could run for Schoolboard because that's not a major life altering you know go get on your school board and so we came up with Taps America now Taps is played at all funerals it's played at the end of the day it's a military sound and so I felt impressed to to end and bring death to complacency in The

Patriot movement the death of complacency so we're going to sound the Taps to that complacency so we created a community called Taps we released it one month ago at Toto's (37:27) retreat every year we had about 12200 Patriots that came and they come every year they gather at Lake Gunnersville Alabama for the Feast of Tabernacles and uh we do the feast all the celebrations and so they were all there and I introduced them to Taps it's a community of people like me you and you and we have an app that we're developing for the phone to where every day when you wake up if you're a member of TAPS you're going to wake up and you're going to be pushed into a pod of your local Patriots and there'll be a captain of that PO and (38:00) you'll get a notification Senator so and so they're passing this legislation call them right now uh there's a school board meeting in this area you need to get to wonderful um there's a rally in your area you like the faith and freedom rally it's in your area get there we connect because our Patriots all want to help they don't know what to do they wake up okay what can I do they feel helpless right there's no organization among us we created Taps to organize and that app is going to do wonders so for a person to be a member of TAPS they pay (38:38) \$20 a month that money is forwarded into a fund that is governed by a board of accountability seven businessmen not me not Pastor Schaefer we're podcasters so we're not on that board it's a board of accountability of business owners that money is held in reserve and we release it to candidates that believe they come before the board they get asked several questions the first one they get asked is who's the legitimate president of the United States of America yes okay they answer these questions and we know we can trust (39:16) that's our people then they get access to our money now let me tell you what kind of money we started one month ago one month ago we've now got 4,000 members and Taps wow there's \$100,000 sitting in that account this month next month it turns into 200 cuz it's a monthly automatic then it turns into a half a million we'll have a million dollars in just a few months to write checks to school people that's watching right now they wants to run for school board they come to Taps to get their money to run and our goal is by the (39:50) Feast of Tabernacles next year to have financed so many Schoolboard candidates they will be at the meeting to stand up and show you the changes we're making in America with your \$20 and then we're going to be financing Governor's races and state house races but primarily we're focused on the school boards which I think that is awesome yeah I do don't you I love it yeah and \$20 I mean instead of giving it to your democrat or republican you don't know where it's going you don't know where it's going in fact the last time I I got I get I know (40:29) trust me I you know what I write on it when you start doing your job I know I know I know and then I right exactly and they text me today what's the matter do you not love Donald Trump anymore because I do donate but I hadn't this week but I don't know if that's truly Donald Trump I have no idea where my money's going he actually told them to stop using his name he did he and that's the reason they're getting rich off of it so we said you know what we're going to send out a newsletter every month to all members of TAPS that newsletter (40:57) going to show you how much is in the pot who it went to and you get to vote on who it goes to yeah isn't that wonderful so we're excited well become a member of TAPS America but they need to mention y'all because we're going to bless the ministry out of that as well oh you tithe off yes we tie when you tithe it always worken it doubles triples so make sure there's a scroll down button when they join how did you hear about us put uh TVP and then every month this news station's going to get a blessing from that fund praise the Lord amen my main

(41:34) thing is don't be giving your money to where you don't know where it's this you know is going to make a difference and we're a part of that Pastor schaer you're a part of it amen so uh make sure you do that and I will talk about it more thank you as we go through the days cuz people need to know again just do what I do when all that all those requests come in for money and I get a lot of right on there how you feel how you really feel absolutely and I do too every time that's right don't throw it in the garbage just take five take a

(42:07) step and respond and respond because those responses make a difference it does the it's your voice being heard right and when their money dries up well absolutely but who would have ever thought you could take \$20 and I mean we in one month we have I'm just a little Mississippi preacher I have the smallest Church of anybody you ever met and yet our voice reaches the world and God told me to do this I I could have listened to everybody that told me it wouldn't work no I had everybody say oh nobody but a month

(42:41) later we're sitting here with \$1 100,000 in our hands not mine but you get the message to hand away to give away you want to run for school board you call Taps say hey put me on the board I'm ready to make a change you couldn't maybe you couldn't have done it without that \$10,000 20, whatever you need yeah and we're going to be there to do it and men like Pastor schaer myself and others that are looking over it reporting to the people every month and then you get to go on Telegram and you get to vote live on telegram which candidates

(43:15) you want us to write these checks to it's a beautiful thing and if you're a candidate watching you go to Taps america.com and you can request funds from Taps and you have certain questions you have to ask them they got tell they got to be true blue and if they if they say Joe Biden they don't get a down well don't tell them you mean true you're right got to answer them correctly you got to answer them correctly now the other thing is I want to go back to when is Trump coming back the moment God says it there you go it's

(43:51) like I used to say to Perry Stone when's Jesus coming I know right the moment God said well exactly we've had too many false prophets as it is so far so I'm not going to be added to that but I will say this God never fails his timing is impeccable and I believe I read a scripture in Ezekiel at his church by the way if anybody lives in this area and ain't been to this man's Church yes that what a wonderful Church University Parkway I've never been to a church so racially in harmony I mean b I've never seen anything like that so he's done a

(44:24) great work for God here amen we had a great time yesterday oh and but I preached out of Ezekiel and God gave me a prophetic word concerning Donald Trump and he said you profane Prince of Israel and he calls me to know that that was Joe Biden because Israel well America is the new Israel I won't get into all that today but you profane president of my people he said I've allowed my judgment for a moment you got the president you deserved but he says right after that but you go tell that profane Prince that I'm going to remove the crown from his

(45:03) head and take the diadem out of his hand and I'm going to overturn overturn he said it three times overturn and go and the Holy Ghost spoke to me and said you tell my people that when I do the overturn it won't be an overturn it'll be an overturn overturn overturn in all three branches of government woo Glory Hallelujah Glory Glory I feel that ghost it was that's a that was a right now word for America American e know that they need to hear this don't give up the election fraud will be seen oh it truths like a gumbo

(45:41) I'm from New Orleans Gumbo takes a while to cook that's Ezekiel 21:27 that 21 y'all need to prophesy eel 2127 you need to prophesy the overturn and do it three times God said I'm

(50:34) we'll come back yeah yeah I want you I want to come back I love this place the anointing is on this place I feel it when I walked in I remember murd when he walked in he said he's here oh yeah it's a special place you don't always feel no you don't I've been in many TV studios and it's mostly commercialism but you feel I tell you what I feel here that same touch that was on the old version of TBN yeah not the mo but way back back with Mom and Daddy yeah yeah um you I just want to make sure I get this right turn over no overt overturn overturn

(51:12) tell that prophesy that that matter of fact won't you just read the scripture oh how about that real quick and that way you hear it from the Lord and not just me because this scripture right here God gave it to me and said proph side to America and I did I've never seen it right there where we at I will overturn top right there I tell you what let's just see thus sayith Yahweh the god of Israel go tell that profane Wicked Prince of Israel his day has come that I'm going to remove the diadem and I'm going to take off the

(51:51) crown and nothing will be the same I'm going to exalt him that was put low and I'm going to bring low him that was elevated High glory and I will overturn overturn overturn it and it shall be no more until he comes whose right it is to sit on that throne and I will give it to him thus saith the god of Israel now what scripture was that Ezekiel 21 21 verse 25 5 through verse 27 and I just every day I I prophesy I will overturn overturn overt I proph every that was a message that was given to you that was a message that super I

(52:41) gave him a pastor's appreciation gift the lord gave me this prophecy two months ago and I was going to do it on my show because I always go to my people first every night but I couldn't do it God stopped me every time every time and I wanted to do it because the people would have left it on the way to his God said release it when I tell you to on the way to his church yesterday morning you can ask my wife I said I I first time in my life I have nothing to preach today get up there and sing The Glory down I have nothing to preach CU I did

(53:10) not have a sermon and that's never happened to me when I pulled up in his parking lot God said release it now and that was my sermon yesterday is awesome and then here on your studio first time it's been released across the airway so I will overturn overturn overturn and I like the word it that fake that fake profane Prince of my people and what's interesting there is when he says my people most people watching me right now have no idea how America is truly my people that's right talk about the signers uh the word my

(53:48) people see this is the thing about America before America was a nation she was a church so when I hear the separation of church and state talk I throw up in my mouth you can't separate us from who we were we were a church we will always be a church we are yahweh's people we're God's people so whenever the when the pilgrims came over there was a minister on the mayflowers name was Brewster and he he wrote down everything that happened and it's so amazing he wrote down the songs they sang on the way over and he wrote down

(54:19) we are going he wrote A Course to New Israel New Israel New Israel and when they came off the ship they didn't plant an American flag they planted the Christian flag on the spot they dedicated George Washington knelt and prayed dedicated America where the Twin Towers stand or stood that's where America came into Covenant with Yahweh with God was where the Twin Towers stand wow and that's something that is where George Washington prayed right there's a chapel right outside the Twin Towers where George Washington that picture of him (54:54) praying by the horse that's where it happened that's where he dedicated our nation in Covenant to God if you will make us a great nation Deliver Us from tyranny then we will serve you and he gave the nation to God at that point every sinner that of the Declaration of Independence were descendants of the tribes of Israel we can trace it we know it and here's the thing you've got to understand about Israel most people think of Israel when you say the word Israel they think of Jews I was a doctor of theology I was the

(55:30) youngest ordained evangelist in America at 14 years old wow I've lived for the Lord my whole life and I was dumb as a box of rocks and didn't know it at 40 years old because I thought that a Jew meant Israel and an Israel meant Jew until I started studying my Bible and I found out that the first mention of the word Jew in the Bible is them fighting against Israel wow when you come to understand that Israel is not Jews and Jews is not Israel when you get that here's what happens all of a sudden and I'll do it

(56:08) real fast at one time they were one nation King Solomon died King Jeroboam King Jeroboam there was a split the Jews the tribe of Judah stayed in Jerusalem uh they kept the Sabbath that's why they're still identifiable they kept the Sabbath that kept them identifiable for these thousands of years however there was 10 tribes that went to the north with King Jeroboam in Rebellion those tribes crossed over the Caucasian Mountains they were captivated by the Germans they crossed over the Caucasians out of time oh anyway so they

(56:45) crossed over I'll make it real quick where they wound up at was the Great British Isles because the prophecy was that they would go to the Isles of the sea and from there we find

those tribes making their way to the United States of America and that's why he says tell that profane Prince of my people right W yeah Hallelujah yes yes praise God Perry Stone actually does the teaching that shows the Cherokee tribe had intermarried with the je they did and the Cherokees actually had the name of yahwah they had it on all their writings

(57:21) the great spirit they called him Yahweh and which is his Hebrew name so how did they know that when they were not ever the land of Israel that's right that's right I love it god is perfect I love it all the time and um I just know you love to listen to him please go to U get it right there to to to please go to Toto T oos Army of patriots.

(57:49) com and he's known as Professor Toto yes because he found that is the President should not conceive that's right ever that's right and he'll talk in his speeches I've never conceited that's what he says he says it for a reason yeah he does he makes it plain makes it plain M and then also talk about this where people and and by the way if they'll go there Professor Toto's new children's book was just made available there yes if you have children grandchildren and you don't want them to be lied especially if you're a homeschooler church school you need that

(58:22) book in your library they can order it there teaches the Constitution it teaches more more than the Constitution it teaches some of the stuff we were just talking about talking about oh well every Christian School should have that everyone every church school every parent homeschooler and then if they'll go to Taps america.

(58:39) com they can join our movement and we can make changes in America just \$10 a month 20 \$20 a month Dorothy d just \$20 mon Dorthy yes Queen Dorothy better know what she's saying \$20 a month which is like it's it's it's a bag of coffee like yeah a little nothing and you can make a difference make a real difference you yes you can count right and then if they come to our Retreat for the Feast of Tabernacles they'll get to see the people they've helped and the Feast of Tabernacles is awesome we do it every year every year it's you celebrate all

(59:15) the feast all yep matter of fact we're getting ready for Passover after all the the worldly stuffs over with in the dark side of the year the dark time we're getting ready for Passover at our church we do it every year and what do you do in the fall Feast uh we do every one of them trumpets atonement Tabernacles and the last great day October the 5th through the 9th is Tabernacles and do you believe as many do that the Rapture will happen on Tabernacles if it doesn't he's not an ontime God hallelujah that's what I'm

(59:44) talking about very good yeah you see you have to uh he came the first time on a holy day yes he he was born during the Feast of Tabernacles yes so he has to come back he always he's on the day of Pentecost he said go wait wa for me cuz that was a holy day he said I when you go to Jerusalem for the feast I'll show up cuz I show up for all of them so that for all of I love it and then we have yon po yes and trumpets we did that we didn't eat anything MH yeah we fast yes that was a good God's bringing his whole

(1:00:16) church back to the feast I don't know how long it's going to take but everywhere it's happening all day long my emails full preachers teach us about the feast it's happening there's an Awakening and uh Chris her husband teaches here every day about Jewish patterns really on the Torah wonderful well list I hope you enjoyed today I know we enjoyed very very much thanks for coming we'll see you next time bye-bye
